

TREATY WILL BE SIGNED FRIDAY OR SATURDAY

Half of Subscribers in County Order Phones Out

PAPERS NOT ALL GIVEN HEADS OF MUTUAL

Thirty-Eight Hundred Names On Petitions Received; More to Come

PRIVATE COMPANIES GET BIG DIVIDENDS

Expert Tells Directors Large Sum Can Be Saved In Building System

THAT more than fifty percent of the telephone subscribers in Orange county have signed papers ordering their service discontinued, is the belief of directors of the Orange County Mutual Telephone Association, who met last night at the Chamber of Commerce rooms.

Listed on papers filed with the directors are the names of 3800 telephone users and a large number of papers yet are in the hands of those who have been circulating them.

It is not the intention of the directors to pass the papers on to the telephone management until such time as it may be deemed best in the judgment of the board. Many who have signed have ordered their phones out at once. Many have signed who do not want their service interrupted until another is in operation or nearly ready to operate.

The directors become more and more enthused over the mutual telephone project as they investigate the operations of other independent organizations.

During the week they have obtained information to the effect that an independent company at Monrovia, a stock company, has operated through the war period at \$1.50 for residence phones and \$2 for business phones. There has been no increase because of the extra costs resulting from skyrocketing prices during the war period.

Pays Good Dividends

The company is serving 1150 subscribers and has returned the stockholders dividends of 6 and 8 per cent per annum, and has spent as much or more in extension work than has been paid in dividends. There is no charge for installing a phone.

At San Fernando a company is operating with a service charge of \$1.25 for suburban and \$1.50 for business phones. No charge is made for installation. This company has been in operation but a few years and as yet has returned no dividends to its stockholders, except what they have gained individually through a first class service at a very low exchange rate.

President Rydgren reported that he had been approached by four people within the past week, with "feelings" as to whether the mutual association would consider a proposition to buy the system of the present operating company.

The last caller was at his place at 10 o'clock Sunday night and discussed the matter with him until midnight. He was not at liberty to give the name of the man, but declared he was deeply interested in the Pacific Telephone company.

The attitude of the board is decidedly against the purchase of the Pacific system. Its ambition is to put in an entirely new system, one that will be modern in every particular and will render a service that never has been equalled in this county.

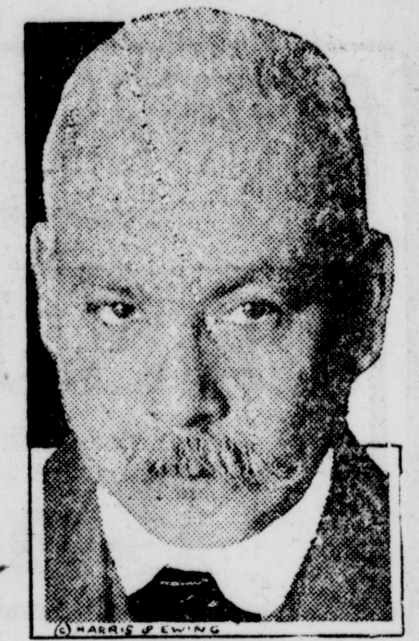

A man who might be termed a telephone expert met with the board and gave the members some very valuable pointers as to methods of procedure. He is a practical telephone manager and has had experience in instituting independent companies.

Could Save \$100,000

He expressed the belief that an up-to-the-minute system can be installed in the county at a cost of between \$75 and \$100 per phone, and that by having the work done under the su-

(Continued on page two)

Mexico May Have Gomez For Leader

Civilian Is Favored By Gen. Angeles For Provisional Head of Country

EL PASO, June 24.—Vasquez Gomez is likely to be the next provisional president of Mexico if General Felipe Angeles and his crowd get into power. Just now they are making a fight in that direction.

Angeles is chief of the Villa forces which were recently routed from Juarez by American soldiers after the Villistas had shot over into the United States while attacking the Mexican federales.

Gen. Angeles has said that no military man shall be head of his proposed government. Gomez seems to be a favorite. He is a civilian and was a strong Maderista.

Federation of Labor Arranging to Take In Railway Brotherhoods

ATLANTIC CITY, N. J., June 24.—The executive council, American Federation of Labor, today met to take first steps toward admission of three branches of the Big Four brotherhoods of railway workers—the engineers, firemen and conductors.

Secretary Frank Morrison announced last night the three branches had applied for admission to the American federation. The executive council also took up much unfinished business of the convention, including the question of whether a protest shall be made against deportation of Hindu political prisoners.

A campaign to organize all telephone operators will be started at once, according to Julia O'Coner, international president of the telephone girls.

SIBERIA AND ORIENT WANT AMERICAN GOODS

SAN FRANCISCO, June 24.—If Pacific coast merchants do not do business with Russia, China and Japan, it will be their own fault, declares Phil Norton, a recent arrival here from Siberia and the Orient, which he visited under commission from the committee on public information.

Hesitation on the part of American merchants would supply other nations the opportunity to gain a foothold in the Orient and Russia, Norton stated. He was emphatic in his declaration that "Americans and American goods are the most popular." Personal representation is the ideal means to secure the trade, he continued.

STRIKE OF SHIP MEN TO BE SETTLED SOON

LOS ANGELES, June 24.—Predictions that the strike of 6000 employees of the Los Angeles Shipbuilding and Dry Dock Company would be settled within 48 hours, were made here today.

Another conference between the representatives of the strikers and the company will be held at San Pedro at 2 o'clock this afternoon. It was declared here today that the number of points of disagreement has been reduced materially by the conferences held thus far.

It was understood that the plant could not be placed in full operation sooner than 15 days after the settlement is effected.

HUN ENVOY TO ROME

WEIMAR, June 24.—Count von Bernstorff will go to Rome as German ambassador as soon as the peace treaty is ratified, it was learned here.

WILSON TOUR DEPENDS ON ACTION BY SENATE

President Would Prefer to Limit Trip to About Two Weeks

WILL EXTEND JOURNEY IF FOUND ADVISABLE

League of Nations Battle Will Be Fought Out On Clear Cut Lines

By ROBERT J. BENDER
(United Press Staff Correspondent)

WASHINGTON, June 24.—President Wilson's forthcoming tour of the country will be determined largely by final reports on senate opposition to the League of Nations.

He would prefer to limit the trip to two weeks or so, but may be forced to extend this materially. The president has been advised the senate situation on date on the treaty is about as follows:

- 1—There are insufficient votes to separate the treaty proper and the league covenant (sought by the Knox resolution.)
- 2—There are insufficient votes to pass the Fall resolution, providing for immediate ending of the war.
- 3—There appears to be no chance of a clear majority of the Senate voting on any amendment or provision that would jeopardize the treaty or the league.
- 4—There does not appear to be the necessary two-thirds majority now in favor of ratifying the treaty and league as it stands.

Hence the President is expected to attempt to put the forthcoming battle on clear cut lines—namely, will you take the present treaty with the league covenant or will you reject this treaty, either by voting against it or talking it to death while the other Allies approve it, thus forcing America into the position of a separate peace with Germany, or a continued—technical—state of war with Germany?

PRESIDENT OF IRISH REPUBLIC KEPT BUSY

NEW YORK, June 24.—Edward De Valera, hailed by many as "president of the Irish republic," began a busy day in his temporary "white house," which is the state suite at the Waldorf Astoria.

He had engagements with personal friends and friends of the Irish cause from all parts of the country. At luncheon and dinner important conferences were to be held regarding plans for getting Ireland's case before the American people, which is De Valera's principal mission to the United States.

DEBATE ON ARMY BILL CONTINUING TO DRAG

WASHINGTON, June 24.—Debate on the army appropriation bill continued in the senate today, with the prospect of dragging into another night session.

After nearly ten hours consideration, the bill was far from finished and many important amendments remain to be considered.

Thus far the increases over the house bill inserted by the senate committee have been sustained on the floor.

Protracted debate over striking out the \$3,260,000 appropriation for purchase of the Dayton Wright airplane factory and 1500 acres of land at Dayton, Ohio, resulted in keeping the provision in the bill.

Senators Thomas, Wadsworth and others declared that the Dayton plant was the center of aviation experimental work and that it must be retained to insure continued progress.

CAPTURED FLAGS BURNED

COBLENZ, June 24.—Fifteen flags captured from the French, which were to be returned after signing of the peace treaty, were taken from a museum in Berlin by a crowd of German officers and soldiers and publicly burned near the statue of Frederick the Great, a Berlin dispatch reported today.

QUICK PEACE NEW SLOGAN OF LEAGUE ENEMIES

Republican Proposal Will Be Strongly Opposed, Say Democrats

BELIEVE RESOLUTIONS WILL HINDER WILSON

Fall Measure Boosters Say It Will Be Benefit to Business

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, June 24.—"Immediate peace" today was the slogan of league of nations opponents in the senate. While last week they demanded separation of the treaty proper and the league, they now demand that congress declare peace for the United States and let business reap its benefit.

The peace resolutions introduced yesterday by Senators Fall, New Mexico, and Edge, New Jersey, were before the foreign relations committee, which may take them up today or Wednesday.

The Republican proposal will be emphatically opposed by administration forces, Democrats said today. They regard the Fall and Edge resolutions as simply further evidences of partisan efforts to harass President Wilson, they said.

Republicans asserted today that the Fall resolution is within the right of congress to pass, since the power that declared war has the right to end it. They predicted that unless it passes the enjoyment of the commercial benefits of peace by American business men will be considerably delayed.

BULLETINS

WASHINGTON, June 24.—Sherman Colver of the Federal Trade Commission today endorsed Sen. Kenyon's bill for federal control of the packing industry.

SACRAMENTO, June 24.—Gov. Stephens today appointed G. E. Mansfield, editor of the Oroville Register, to the State Highway Commission, vice Emmett Phillips, deceased.

COPENHAGEN, June 24.—The German officers' association has telegraphed the Dutch government warning it not to deliver the former kaiser to the Allies for trial, it was reported in dispatches reaching here today. "We can protect the kaiser with our bodies but we rely upon the generosity of the Dutch people," the message concluded.

SAN FRANCISCO, June 24.—Thomas J. Mooney in a statement from his cell at San Quentin today, charged that "big business" is circulating reports that nationwide bomb plots are planned for July 4 in order to create an impression that only terrorists are interested in the movement to win him a new trial. July 4 is the date set for the big Mooney demonstration.

PARIS, June 24.—Through a decision reached by the Big Three today the United States, Great Britain and France will take over German bonds which will be issued to cover Belgium's war indebtedness. This arrangement is subject to approval of the three countries' parliaments. This will mean that Belgium's war debt will be completely wiped out.

PARIS, June 24.—The reparations committee of the peace conference has agreed to priority payment of Belgium of \$500,000,000 from the German indemnities, it was officially announced today.

Pastor and Actress Voice Difference of Opinion In Dress for Modern Woman

Rev. John Stratton and Ruth Terry.

Men Led to Sin Says Rev. Stratton, Only Matrimony Avers Miss Terry

NEW YORK, June 24.—Will equal dress for women save souls?

Rev. John Stratton says modern woman's dress leads men into sin in numerous ways. He lays theft in many cases to woman's vanity and the extra heavy demand she makes on her husband's income.

The minister says: "Wear those dresses that look pure and feminine and attract men, such as chic picturesque hats, soft soled, flat heeled shoes and skirts of ankle length and two yards wide."

But Ruth Terry, noted actress, does not agree with the divine. Ruth says: "Nope, modern woman's dress only leads men into matrimony."

"Modern woman should wear her dresses to look feminine and attractive to men. Yes, wear chic, picturesque hats, soft, thin, fluffy blouses, with collars as low as the beauty of the neck suggests. Wear skirts of the prevailing mode whether tight or wide, short or long and get the prettiest shoes and clippers to be had."

So there you are, take your choice.

PHONE WORKERS WILL STAND BY GIRLS

SAN FRANCISCO, June 24.—Striking telephone electrical workers have accepted the compromise proposition made by the company as it affects the men on strike, L. C. Grasser, chairman of the strike committee announced today.

The men however, will not return to work until the full demands of the girl operators are met, Grasser said. The company offered the men \$6 a day against the demand of \$6.40.

LOS ANGELES, June 24.—The wage scale offered by the telephone company to its striking employees at the San Francisco conference failed to meet approval of the union leaders here today.

"The telephone girls' demands must be met," F. B. Spencer, head of the Southern California strike committee, declared. "They must be met even if the men have to make concessions. This offer does not come anywhere meeting the demands and it looks as if it will be turned down at least as far as the girls are concerned."

He said the electrical workers felt the wage scale offered the men is too technical but he considered the fact that any offer made is highly encouraging.

RED CROSS WILL SEND SUPPLIES TO SIBERIA

SAN FRANCISCO, June 24.—The Pacific division of the American Red Cross is preparing to make immediate shipment to Siberia of 1,500,000 yards of gauze, 27,000 pounds of cellul cotton and 12,000 yards of bath robing on an order received today from Red Cross headquarters in Washington. The Siberian division is said to be in dire need of these supplies.

ITALIAN PEACE BODY DUE IN PARIS FRIDAY

PARIS, June 24.—The new Italian peace delegation headed by Tomasso Tittoni, vice premier and foreign minister, will arrive here Friday, it was officially announced today.

MAKING EXPERIMENTS WITH NEW AIRPLANE

LONDON, June 24.—Secret experiments are being carried out near London with a view to perfecting an invention which, it is claimed, will be the greatest step yet made towards the complete mastery of the air with a heavier-than-air machine.

This is a "helicopter" aeroplane, capable of rising and descending vertically without "getting its nose up," and able to hover in the air. All the flying machines of the novelists have been able to rise vertically, but so far this has not been possible in practical aviation. The British Air Ministry is directing the tests.

WAR COST FIGURES CITED BY SENATOR

WASHINGTON, June 24.—The war cost 7,582,300 soldiers' lives, between \$185,000,000,000 and \$195,000,000,000 in money, the loss of 23,905,283 tons of merchant shipping and 1,882,125 tons of war vessels.

These figures today were presented to the League of Nations' opponents by Senator McCumber, North Dakota, a league advocate, as the most telling reasons why the league should be ratified and future wars prevented.

The figures were gathered for McCumber by the War Department.

ARMISTICE VIOLATED BY TURKISH FORCES

PARIS, June 24.—The peace conference has been officially notified that a Turkish army of 40,000 men violated the armistice by marching against the Greek army of occupation in the Smyrna Vilayet. The Greeks numbered only 15,000.

SIXTY-FIVE DELEGATES' NAMES GO ON PACT

Germans Are Expected to Make Final Protest to Document

CEREMONY IS LIKELY TO OCCUPY TWO HOURS

Acceptance of Peace Terms Celebrated By Booming of Paris Guns

By FRED S. FERGUSON
(United Press Staff Correspondent)

PARIS, June 24.—Formal signing of the peace treaty will take place Friday or Saturday in Versailles, it was indicated in official circles today.

Secretary Dutasta of the peace conference suggested to Herr von Leisner that the ceremony take place Thursday, but it was later said that the ceremony might be deferred until Friday.

Herr Dunker, a member of the German peace delegation in Versailles, said that while Secretary von Haniel had been empowered to sign, he believed that Nathias Erzberger, chairman of the German armistice commission and vice chancellor in the new Bauer cabinet, would come to Versailles for that purpose. In either case, it appeared that Germany would be represented by a single signatory.

Von Haniel does not want to sign the treaty, but may if his government orders him to do so, it was reported today. The Agency Radio said it understands he has asked to be recalled.

Acceptance Celebrated

Celebrations over Germany's acceptance of the peace conditions were held throughout the city last night, assuming the proportions of the armistice day demonstrations. Premier Clemenceau directed firing of the first gun announcing Germany's acceptance, remarking: "I've been waiting ninety years for this."

President Wilson conferred with members of the American commission last night regarding plans for turning his work over to other members of the delegation. There was some discussion of the sinking of the interned German fleet in Scapa Flow, but no decision was reached pending receipt of further official reports.

As the president and other American representatives left the Hotel Crillon they were given a great ovation by the peace celebrators. The president was in conference with the American delegation for an hour and a half at mid-day.

At Versailles all parts of the palace connected with signing the treaty have been temporarily closed to the public. Louis XIV carpets moved used heretofore have been laid in the famous hall of mirrors, in the middle of which has been placed the plenipotentiaries' horseshoe table. Inside this table is a smaller one, five feet long and three feet wide, at which one representative of each of the powers will come successively to sign the document.

Will Use Wax Seals

Each signatory will be called in the alphabetical order of the state he represents. Each signature will face a red wax seal and all seals will be attached to each other by blue ribbons.

In view of the fact there will be sixty-five delegates present, it is believed the ceremony will last at least two hours. It is not certain whether Clemenceau will speak, but there seems to be little doubt the head of the German delegation will make a last protest.

All delegates will be dressed in Prince Albert coats and will wear silk hats. According to the latest plans, the ceremony will begin at 2 or 3 o'clock in the afternoon, but this is subject to change.

At both ends of the hall about 400 Allied and German newspapermen will sit. Between them and the plenipotentiaries will be a circle of secretaries and interpreters. The Allied representatives.

Do You Eat Breakfast Downtown?

Nothing is more satisfying than a cup of good Coffee for breakfast. We are using the Pacific Coffee Stores Co. best grade of Coffee and our customers tell us we are putting out the nicest flavored and best Coffee in the city. Also beginning June 23, 1919, we will serve 3 meals a day 365 days in the year.

The KAFATERIA

FIGHTING PESTS WAR HEADS ARE STATE SPENDS \$5,000,000 SCORED BY PROBERS

Mere Mention of Sum Indicates Importance of Keeping Control

Breach of Trust Alleged In Buying Ground For Georgia Camp

The importance of pest control is better understood, perhaps, when one has read in the social bulletin of the State Commission of Horticulture that California each year spends \$5,000,000 in fighting a dozen insect pests. Last year the bill for insecticides was \$2,500,000.

The special bulletin deals with acreage, distribution, tonnage and valuation of commercial fruit and vegetable crops in California. In this special issue it is stated that agriculture is the greatest industry of the state and that the crops have exceeded \$400,000 a year for the past two years.

Absolute accuracy of crop valuations and county production is not claimed, but these figures will stand until the decennial census is taken next January. Data based on assessors reports is not regarded as reliable, according to the bulletin, one instance being noted where the acreage reported by a county assessor was devoted to fruit raising was something like 40,000 greater than the total acreage in the county. In another case the number of bearing trees in one of the big citrus counties was reported in 1918 as but 563,489 as compared with 2,537,493 acres in 1910 when as a matter of fact there had been a 30 per cent increase in new planting and of 40 per cent in production since 1910.

Attention is called to the fact that the U. S. Department of Agriculture has reported a list of 2,500 different kinds of insect pests in foreign countries which have not yet entered this country, because of effective quarantine measures. Numbers of these pests have been intercepted by the horticultural commission's quarantine division. The work which is being carried on has for its object pest prevention to prevent any addition to the five million dollar pest cure.

There are about one hundred millions of acres within the borders of the state. Of this amount about \$40, 316 are devoted to the growing of fruit trees. There is not a county of the fifty-eight in the state in which apples or pears or some of the more hardy fruits cannot be grown.

Coming to oranges the bulletin says: "From the standpoint of acreage and production it may be reasoned that the orange is the most popular fruit in California."

Bearing acreage is given as 116,470, non-bearing acreage 40,819, production in boxes for past year 15,858,939 and the approximate valuation is given as \$75,000,000.

The figures for production will doubtless be shown to be greatly underestimated before the end of the season.

Referring to lemons, the report states: "Among the fruits grown in the United States there are several whose entire production is confined practically within the borders of the state."

WORSE THAN DEADLY POISON GAS

Kidney disease is no respecter of persons. It attacks young and old alike. In most cases the victim is warned of the approaching danger. Nature fights back. Headache, indigestion, insomnia, lame back, lameness, sciatica, rheumatism, pain in the joints and lower abdomen, difficulty urinating, all are indications of trouble brewing in your kidneys.

When such symptoms appear you will almost certainly find quick relief in GOLD MEDAL HAZEL HILL'S OIL CAPSULES.

This famous old remedy has stood the test for two hundred years in helping mankind to fight off disease.

It is imported direct from the home laboratories in Holland where it has helped to develop the Dutch into one of the sturdiest and healthiest races in the world, and it may be had at almost every drug store. Your money promptly refunded if it does not relieve you. Be sure to get the genuine GOLD MEDAL Brand. In sealed packages, three sizes.

The railroad administration is asking for a billion, two hundred million dollars with which to operate the roads until the end of the year. Possibly Uncle Sam has moments when he thinks every man should stick to his trade.

TRACTOR COURSES TO BE GIVEN AT DAVIS

Again the college of agriculture, University of California, offers to and present prospective owners and operators of tractors in mastering their machines. A tractor short course is announced for September 16 to 25, to be held at Davis, Cal. Another course is to be given at Riverside in February.

Enrollment will be made in the order of registration, which is limited to 180 students. The fee is \$1, and living expenses at Davis average \$25 during the 10 days. Twelve of the best makes of tractors will be used. No the staff of instructors is L. J. Fletcher, R. C. Ingram, R. B. Lumby, H. L. Belton and specially-selected attendants.

The lectures will be upon fuels, carburetors, magnetos, ignition, governors, cooling systems, lubrication, babbling, tractor types, rating, valve timing, overhauling and troubles. Practice work will engage the attention of the students half the time of the course, alternating with the lectures.

FRENCH TO CELEBRATE U. S. FOURTH OF JULY

PARIS, June 24.—On the initiative of the government there will be a monster demonstration in Paris July 4th in honor of the anniversary of the independence of the United States. General Pershing will be received by the municipality. President Poincare will review a parade of American troops.

129 GRADUATES WILL RECEIVE DIPLOMAS

Intermediate Commencement Exercises to Be Held Thursday Evening

On Thursday evening of this week, 129 graduates of Intermediate school will receive diplomas. Commencement exercises for this fine class of boys and girls are to be held at Intermediate assembly hall at 8 o'clock, and for those exercises an excellent program has been arranged, as follows:

Orchestra—"Fond Memories" (Zamecnik).

Invocation—Rev. John Oliver.

Piano solo—"Militaire Polonaise" (Chopin), Elizabeth Wright.

Song—"Commencement Day," Class of 1919.

Clarinet Solo—"La pas de Fleurs," Lyle Roberts.

Double Quartette—"The Swallows" (Hadley); "Evening Song" (Rubinstein).

Sopranos, Mary Oliver, Mildred Tummond, Elizabeth Wright, Ruth Viera.

Altos, Merle Allender, Olive Gilbert, Elizabeth Sirinsky, Marion Stull.

Address—Rev. A. T. O'Rear.

Class Song—(Words by Glen Leake; music by Elizabeth Wright).

Orchestra—"Spirit of America," "Star Spangled Banner."

The names of the members of the graduating class are:

Merle Allender, Hamilton Armfield, Pearl Ashby, Elizabeth A. Baker, Harold Lester Beckman, Millard Boemer, Isabel P. Bennett, Samuel Bird, Edward Theron Blake, Thora G. Blakeney, Anna Luella Boyd.

Louise E. Campbell, Frank R. Chase, F. Harris Cloyes, Burnell S. Cole, William Cook, James T. Coulson, George Crawford, Marie C. Cummings, Henrietta J. Dasque, Stanislas Doerr, Charles F. Drake, Ida Dreith, Ocie Opal Dunn, Leland Finley, Wendell Finley, Ruth E. Finley, Susie Ford, Dorothy Forgy, Gladys Gibbons, Olive L. Gibson, Gladys Gillespie, Fred Grizory, Earl Grigsby, Gale Warren Harmon, Harold Harrison, Iris B. Head, Herman Lee Helt, Dora Hofer, Elizabeth Mary Hoffman, Glenn Huddleston.

Anita W. Jerome, Abe W. Johnson, Jr., Ida Boyd Joplin, Edna L. Juden, Hazel M. Kimmel, Glenn Kellev, Vera Knight, Adele Lalonde, Omer E. Laubert, Bobbie R. Lancaster, George M. Lamme, Glenn Leak, Raymond C. Lier, Jack LePage, Grace Ludwick, Henrietta M. Lykke.

Frank B. McCowen, Harold E. Mathews, Laura Mathews, Catherine Morris, Olive M. Morris, Elena D. Mercant, Dwight Miller, Frank P. Morales, Marie R. Munger, Eddie Josephine Nelson, Mary Gertrude Oliver, Birenice M. Palmer, Clifford Patrick, Mildred E. Paul, Lloyd George Paulz, Guy M. Penn, Frances P. Perinich, Olga Perinich, Inez Petz, Helen I. Pierpoint, Marion Preston.

Verna Ramsey, Charles Read, Harold Reeves, Lester Rickers, M. Geraldine Rodriguez, Lyle Roberts, Fred Robertson, John Robertson, Esther Alice Rounds, Russell V. Rowland, Sadie Rutledge, Corinne Scheel, Elizabeth Sirinsky, Lotta Smalley, James P. Smith, Herbert Smith, Ann P. Smith, Huestie B. Snow, Worth B. Stedman, Raymond C. Stockton, Marion Stull, Gladys Marie Swarthout.

Semone Thomas, Blanche Thompson, Kathleen Trago, Enid Twist, Mildred A. Tummond, Robert B. Vaile, Jr., Kathryn Van Doren, Curtis H. Vaught, Alfonso Velarde, Ida A. Best, Ruth M. Vieira, Florence Walter, Charles L. Webber, Ruth Wheeler, Elizabeth W. Wright, Eleanor Rankin Young.

Commercial Graduates—Donald Juden, Helen Meyer.

TRAYTORY WILL BE SIGNED LATE THIS WEEK

Sixty-Five Delegates Are To Represent States By Names on Pact

(Continued from page one)

sentatives will reach the marble stairway through the court of honor, while the Germans will arrive at the palace from the park, entering through a vestibule. Members of the French senate and chamber will be grouped around the court of honor.

The public will be admitted to a certain portion of the park. Infantry and cavalry will form a guard of honor.

Resumption of diplomatic relations will not follow immediately the signing of the treaty. This will come only after the pact has been ratified. In the meantime, the Germans will be represented in France by a member of their peace commission.

Voting to Sign Treaty Is Very Much Like Funeral

(United Press Staff Correspondent)

WEIMAR, June 23.—The national assembly today voted overwhelmingly in favor of signing the peace treaty, after Chancellor Bauer had announced the cabinet's intention to accept the terms without reserve.

The decision was arrived at in a meeting of the assembly which resembled a funeral more than anything else, although a strain of something approaching the heroic ran through the proceedings.

Bauer, clad in a black suit and wearing a black necktie, struggled through a speech which constituted a funeral oration over Germany's grandiose plans of 1914. He declared that even out of the dark hours which he pictured ahead a better future might grow through a world revolution. But even a world revolution could not better Germany's plight, he said, unless the treaty were revised.

Other speakers followed Bauer's cue and an air of gloom pervaded the meeting. News of the sinking of the German fleet in Scapa Flow arrived during the session and met with startling differences of opinion. Many delegates hailed it as a heroic exemplification of German spirit, but others regarded it as a useless demonstration that would add to Germany's financial burden.

An orchestra in a beer garden across the street played doleful airs that were wafted into the hall, adding to the funeral setting.

Philip Scheidemann, whom Bauer succeeded as chancellor, was absent, but other members of the old regime were seated on the stage. Townsfolk crowded the galleries.

Rumors were circulated late today that the Bauer cabinet had been overthrown, but these proved to be untrue.

Mueller Named President Of Hun Peace Delegation

VERSAILLES, June 24.—Herrmann Mueller, new German foreign minister, has been appointed president of the German peace delegation, it was officially announced this afternoon. It was said he would probably sign the treaty alone, but would be accompanied to Versailles by a delegation of twenty.

PARIS, June 24.—The Big Three left for Versailles this afternoon to inspect arrangements for signing the treaty.

HALF OF COUNTY PHONE USERS TO QUIT

Thirty-eight Hundred Names on Petitions Received and More to Come

(Continued from page 1)

pervision of a competent manager instead of by contract the association could save at least \$100,000.

He favors underground construction and believes that in most localities it would be as cheap as a system with poles.

As the articles of incorporation filed with the secretary of state had not been heard from the board could take no definite action, preferring first to have this point settled before continuing with preliminary steps.

Adjournment was taken, at the call of the secretary.

The directors commented on the attitude of some Chambers of Commerce and other organizations' not becoming as active as they should in circulating the order out petitions and filing them with the board. In several of the communities there has been little work done, and in many where the papers have been circulated the signed documents have not been forwarded to the board. The papers can be left or forwarded by mail to the secretary of the Chamber of Commerce.

PRICES IN ITALY LEAP AFTER WAR

ROME, June 24.—Startling comparisons between pre-war prices and the present cost of living in Italy have been submitted to the Joint Centenary Commission of the Methodist Episcopal Church, by Dr. Luigi Lala, Methodist pastor at Turin. The commission is making a special study of the problem, prior to opening a chain of neighborhood houses in the factory centers of Northern Italy and in the redeemed lands.

Clothes, food and household furniture have all undergone a tremendous increase in price, according to Dr. Lala. A pair of shoes, which, before the war came to twelve francs, cannot be purchased now for less than sixty francs (nearly \$12). An overcoat which formerly cost eighty francs is now marked at 250 francs. Even shoes for a baby of six months have gone up from three francs to ten francs. A kilo of beef which the pre-war buyer could get for three francs now comes to thirteen francs, which is somewhat over two dollars.

Perhaps the most marked increases of all is in the line of household furnishings. A sheet for a single bed costs forty francs, or nearly eight dollars, and in the old days the very best could be bought for only six francs. An ordinary spoon is valued at about 60 cents. Nearly \$40 is what one must pay for a mattress only large enough for a single bed. Pianos which used to be worth \$150, today cost \$1000.

The tremendous rise in the price of necessities has caused much suffering and discontent, and many strikes are taking place.

Fresh fruit ices and ice cream at the Dragon, in cartons. Will keep nicely for three quarters of an hour. All flavors.

Newport Hotel, on ocean front.

U. S. TO FEED EUROPE UNTIL FALL HARVEST

NEW YORK, June 24.—Enough food to provision the people of the liberated countries of Europe until their own farm crops have been harvested this fall will be in transit by July 1, it was announced here today by the American Relief Administration.

After the distribution of this food, Mr. Whitmarsh said, the people who have needed the economic assistance of the United States and other prosperous countries will be able to take care of themselves.

TRACTOR COURSES TO BE GIVEN AT DAVIS

Again the college of agriculture, University of California, offers to and present prospective owners and operators of tractors in mastering their machines. A tractor short course is announced for September 16 to 25, to be held at Davis, Cal. Another course is to be given at Riverside in February.

Enrollment will be made in the order of registration, which is limited to 180 students. The fee is \$1, and living expenses at Davis average \$25 during the 10 days. Twelve of the best makes of tractors will be used. No the staff of instructors is L. J. Fletcher, R. C. Ingram, R. B. Lumby, H. L. Belton and specially-selected attendants.

The lectures will be upon fuels, carburetors, magnetos, ignition, governors, cooling systems, lubrication, babbling, tractor types, rating, valve timing, overhauling and troubles. Practice work will engage the attention of the students half the time of the course, alternating with the lectures.

Liberty Calendar Has 13 Twenty-Eight Day Months; Each Week Begins Monday

Big Campaign Is Started By Association; Scientists Urge Adoption

If every month could have exactly four weeks, always beginning on Monday and ending on Sunday, literature issued by the Equal Month Calendar Association explains how the arrangement would simplify matters and would in many ways serve the convenience of people everywhere.

The campaign started by the association is said to have interested already the French Academy of Sciences, which may seek to reform the present calendar as unscientific. It is hoped enough momentum may be gathered to induce Congress to anticipate action elsewhere and thus secure for this country credit for the change.

With the adoption of exactly four weeks per month, there will be days enough pushed over from the present reckoning for another month of twenty-eight days, which it is proposed to call Liberty and to insert between February and March. There will also be a day additional to make 365, and an extra day every four years, as in leap year.

The new plan will take care of the regular additional day by placing it between December 28 and January 1, unattached to any week or month, and calling it New Year's Day. Similar provision would be made for Correction Day as the leap year extra would be called, which would be sandwiched between convenient dates, belonging to no month and having no day name of its own except Correction. Having thus disposed of all possible days and extras, a calendar would be perpetual and uniform through all the years.

The association which is engineering

The new Liberty Calendar.

ing the campaign has been incorporated and has headquarters in Minneapolis. Joseph U. Barnes is its president and its literary champion. Yearly membership costs \$1 and life membership \$10, and every member will receive a booklet on the reform, by Mr. Barnes, and a copy of the bill designed for Congress. Mr. Barnes believes that congressmen who voted for daylight saving and have been glad of it will see quite as good reason for reforming the calendar. At any rate, he promises that the bill will be introduced at every succeeding session of Congress until it is passed.

"The simplified calendar," Mr. Barnes says, "could be adopted by Congress to take effect the first day of the year 1922, and six months under this simplified form would make us wonder why we put up so long with the present form. Every month would have exactly four weeks and would commence with Monday and end with Sunday. All holidays and anniversaries would always fall on the same day of the week. Every day in all the months would have a fixed place in the four weeks. Our present exasperating four weeks and a fraction to the month would be done away with, and there would be no more five Sundays in a month to upset all our calculations."

MANY DOUGHBOYS DEEP INTEREST TAKE PART IN ATHLETICS IS SHOWN IN FARMING

Thirteen Millions Benefit By Games Held For Boys Abroad Needs of Agriculture Discussed at Recent Bankers Convention

PARIS, June 24.—Seven and one half million doughboys of the A. E. F. took part in athletics during March according to figures made public by Elwood S. Brown, physical director of the Y. M. C. A.

March is the banner month of 1919. In January five million played and in February five and three-fourths million. It is doubtful if April with so many boys at home and on the way will be able to approach the March figures.

A total of over 13 million were benefited, one-half as contestants, and the other half as spectators.

The most popular games were those of track and field, with 921,000 participants. Baseball was second with 738,000 and basketball third with 735,000. Mass games and athletics brought out 3,019,964. Baseball could not demonstrate its real popularity, as March weather in many sections made playing impossible. In many sections no games were played until toward the end of the month.

The third Army, the Army of Occupation, led in the number of participants, with 2,584,753; the second Army next with 2,039,108; and the first Army with 1,446,480. It was during March that the first army was being very rapidly disintegrated.

The figures for three months for the high sport program carried out under the direction of the Army athletic officials and the 300 athletic directors of the Y. M. C. A. show that there were 18,392,889 participants and 14,339,002 spectators or a grand total of 42,731,891.

French Want Million To Repair Monuments Damaged By Germans

PARIS, June 24.—An appropriation of just a little less than one million dollars has just been asked by the French Administration of Fine Arts from the French government for the repair of national monuments, either totally or partially destroyed by the Germans during their invasion and occupation of northern France.

The list submitted to the French parliament of national artistic monuments that sustained the brunt of the Germans' vengeance against French culture and civilization comprises twenty-seven that were completely destroyed and 213 seriously damaged. The list does not include scores of the highest artistic and historic interests, but which had not as yet been classed by the French government as "national monuments."

Among those figuring on the list, however, Coutcy-le-Chateau, wantonly destroyed by the Germans during Hindenburg's "strategic retreat" of March, 1917; the house of the "Menetriers" at Rheims; the city hall at Noyon; the cathedral and bell tower at Arras and the Chateau of Ham.

The Secret of Making People Like You

Sam Jones said the easiest way to a man's heart is through his stomach.

Most men with dyspepsia have a grouch, and if their liver is not performing its function they look badly and are sullen. Now that the hot weather is with us, you must have the best FRESH groceries that you can find.

Remember, we carry the best and most wholesome groceries that money can buy, and with our methods of selling we can save you money. If you have not done so, try us for a month, keep an account of your table expense, and you'll have some money left over.

We put as much careful study into our buying as our selling. Someone has rightly said, that goods bought at the right price are half sold. You are paying us the cash for the goods, consequently we have the cash to pay for them when they arrive.

With our self-help system, you wait on yourself, and save a clerk's salary. If you are in a hurry, help yourself and go. If you have plenty of time and want to look things over, come in and make yourself at home.

During the last forty days, more people than ever have found it to their interest to deal with us, for in that time the business has increased almost \$2,000 more than any forty days of previous record.

SOME PRICES OF SPECIAL INTEREST.

Ben Hur and White King Soap, 10 bars ... 50c White Navy, per bar ... 5c

An extra bargain in Toilet Paper this week, 10c per pound. Better call the early part of the week before it is all gone.

You cannot beat our prices on Flour.

Red Warres Good Pastry Flour 49 lb sack \$2.85 Globe A-1 49 lbs. ... \$3.25
Princess 49 lb. sack Bread Flour ... \$3.00 Globe A-1 24 1/2 lbs. ... \$1.65
Wasatch 49 lbs. ... \$3.25 Velvet 49 lbs. ... \$3.40

Carry this away—we have another car rolling. During the high price on Coffee our sales are increasing especially our bulk Coffee. We can give you a Coffee that formerly sold for 35c per lb. Our price now is 38c per lb. For this week we will sell 3 bottles of 10c size Angelus Syrup for 25c.

SURVIVING SPANISH PIONEERS INVITED

Plan Is to Preserve Romance of the Early Days of the State

SANTA BARBARA, June 24.—Of interest to the entire Pacific Southwest will be the fact that Santa Barbara, at the forthcoming summer fiesta which will be held July 1 to 5, inclusive, will seek to organize the surviving Spanish pioneers of California and their descendants. It will be the purpose of this movement to preserve some of the romance which has been inherited from the early days.

Hereafter, there is to be an annual meeting of the Spanish society that will be organized. Since Santa Barbara has preserved more of the old-time flavor than any other Pacific Coast city, it is regarded as the logical point for such a reunion. Prime movers in this undertaking are Miss Delina de la Guerra, Mrs. Hermanis Lee, Charles Frederick Eaton, Mr. and Mrs. John Ball, Alexander T. Harner, P. H. Sawyer and Mrs. Francisca de la G. Dibblee.

Santa Barbara bids all who trace their lineage back to the Spanish pioneers of Alta California to come and enroll as charter members of the new society. Spanish colors, music and customs will predominate. The past is to be revived and delightful entertainment is promised to all. Each one of the five days will be sufficiently varied to make the fiesta season well worth while.

The Pacific fleet will be here, commanded by Rear Admiral W. F. Fullam. It is also expected to have the army represented by a platoon of cavalry. There will also be representatives of the various branches of the government's air service. Independence Day will be dedicated to the memory of those who served their country in the world war. Athletics of all sorts will be featured throughout the fiesta season.

The most delicate warm weather desserts are Dragon sherbets and ice creams. Put up in cartons to take home—will keep three quarters of an hour. Five kinds daily.

nearly a million acres, with several million acres more which can be irrigated and made available as fast as they can be sold.

FRANCE, TOO

When it comes to the matter of political trickery, modern nations one and all seem to be pretty well tarred with the same brush. The following incident retold with a flavor of Gallie irony by the Cri de Paris is said to have taken place at Toulouse:

On election day a young man came to a booth to vote. "But, Monsieur," said one of the overseers, "you have already voted."

"I? alone done! I am certain that I have not."

A search being made of the records, it is discovered that there has been an error in the recording of the Christian name. It is not Marions Tartarin that has voted but Gonzague Tartarin.

"Gonzague!" cried the young man, "you are quite sure that he has voted?"

"Yes, indeed! Look, here is the register."

"Ah, how I regret not having been here," said the young man, "I would have embraced him with such pleasure. He is my father."

"Your father?"

"Yes, and I have not seen him since he died, four years ago."—Lying Age.

TOO LATE

Doctor—Well, the only advice I can give you is not to eat so much.

Patient—You're too late, doc. Hoover told me that a long time ago.

Digests Easily —one great merit of Grape-Nuts

An equally great merit lies in the sturdy, well-balanced nutrition of this capital blend of processed wheat and barley.

Just the food for tired stomachs!

ASSEMBLY HALL NEEDED

It is time that the Santa Ana High School rid itself of its so-called assembly hall and get a real one. The structure that has been used for the last two years as an assembly hall is a lamentable joke, a travesty upon our school system.

The move started by the Alumni Association of the high school last night ought to bring early results. Having seen just what kind of a "barn" is attached to our high school buildings, former students of the school wasted no time in declaring themselves as heartily ashamed of the structure and as anxious to do whatever it is possible for them to do to replace the makeshift assembly hall for something that fits in with the city's school system.

The present structure is not even a good makeshift. It cannot be used during rainy weather, and it is so cold during the winter months that it is then worthless. In hot weather it is an oven. The wind in winter whistles through the cracks and knots, and as an assembly hall it is about as cheerful as were the old bleachers on which a few years ago the students gathered to hear addresses whenever a speaker appeared to talk to the student body.

It will take a bond issue to build the assembly hall. There ought to be no difficulty at all in passing the bonds. The assembly hall is needed, and needed badly, and we don't believe for a minute that the voters of Santa Ana will refuse to give to our schools the thing that they admittedly need.

SALE OF EXPLOSIVES

There are mutterings of more bomb-throwing. The Fourth of July is hinted at as a time when this most venomous and cowardly of all attacks is to be made.

The only way to restrict this sort of thing is to control the sale of explosives. This has been done successfully in many localities where the "safe and sane" Fourth is observed. Children are not allowed explosive fireworks, because of the resultant accidents when they are used. Where such laws have been passed it is impossible for even the most noise-loving boy to purchase a pack of firecrackers. If it can be done in a small way to protect children it can be carried further.

When the provisioning of armies and starving nations meant rationing, it was done. Neither millionaire nor merchant could purchase more than his allotted share of any commodity, were it sugar, wheat or coal. The greedy one who did was hailed into court, censured and fined. The same measures could be followed in controlling the sale of explosives when human lives are at stake, if undertaken on the same comprehensive scale.

We must come finally by education to the point where men of all nations see that the way of violence is not the way of freedom. But until that day comes, strict vigilance carried to the remotest corner, prompt punishment of a severity commensurate with the crime, and depriving the violent man of the tools for his cruel trade are our only defense.

TRUTH AND POETRY

The Igorot head-hunters of the Philippines originated Futurist verse, nobody knows how long ago, according to the University of California.

One of their ancient chants, the idyl of some visionary, composed as he watched his enemy's skull cosily drying beside his doorway, goes like this:

I am a fish from the ocean; I am a fish from the ocean.
I am a fish from the shore; I am a fish from the shore.

I said, "I will go against the current"; I said, "I will go against the current."
The water, the flowing water, the water, the flowing water.

But muddy was the water, but muddy was the water.
For this reason, for this reason, for this reason.

I went against the current of two brooks; I went against the current of two brooks.
It would be difficult to find a more perfect example of free verse; and what is more, it betrays an honesty of soul all too infrequent in artists of this type.

It is nothing unusual for the futurist poet to talk about himself. He generally does. He also uses repetition—it saves so much brain fag. But it is most unusual to find one of them acknowledging that he is a fish from the shore—which most of them are.

As is so often the case, the cult, followed back to its source, reveals a grain of truth from which its later-day exponents stray far afield.

It is estimated that the city of Cleveland spends \$1,800,000 a month to keep cool. And like every other "back East" city, it fails in the effort. But the citizens have a good time trying.

Rights Reserved

Fresno Republican

According to Justin McGrath, the most intelligent and independent of the Hearst correspondents, many of the senators opposed to the league of nations now doubt their ability to defeat it, since to do so would be to set the world, including the United States, into a race of armaments such as prevailed in France prior to 1914. So, says McGrath, these senators are now saying "that it would be sufficient for the Republican majority to make some reservations as to the extent of the commitment of the United States."

Doubtless this course would be very popular indeed. Nothing could be more appealing than a league in which we have all the rights and other people have all the duties. If, therefore, we join in a treaty providing that certain things shall be done, to preserve the peace of the world, but "reserving" our privilege of not doing any of them, that is exactly the sort of American-centered mind would like. Unfortunately for getting it adopted, there are England-centered, France-centered and Japan-centered minds, also, each of which would like to make the same reservations. And since the world falls into chaos if everybody reserves his rights and repudiates his duties, the only possible compromise is that everybody shall do his share of the duty and preserve only his share in the common right.

And, after all, is not that the self-respecting way to go at it? Our rights are safe enough if we will do our duty. They ought not to be safe, if we shirk our duty. The obligations of the league of nations are weak enough in all conscience. Its best hope of permanence is in the probable universal demand, a few years later, to make them stronger. The chief things the senators want "reserved" are bugaboo dangers, against which the league covenant already has more than enough reservations. The chief thing the United States ought to "reserve" is the proud privilege of doing more than its duty, and claiming less than its dues, in the establishment of a better world.

About the Y. M. C. A.

Sacramento Union

The attacks, now being so vigorously pressed against the Young Men's Christian Association, bear many of the earmarks of deliberate propaganda, conducted for some definite purpose. Too little disposition is shown to give a fair hearing to the accused organization and there are too many features of the attack, which indicate the backing of powerful propaganda forces. We pride ourselves on knowing something about propaganda, and the criticism of the Y. M. C. A. is beginning to smell of that word when we are using it in the sense made obnoxious by the Germans.

As a matter of fact the army report gives the Y. M. C. A. a clean bill of health, and none could have watched its operations in Europe without being convinced that it was a wonderful organization. Even before we went into the war England swore by the Y. M. C. A., which in the British army was largely American in organization and personnel. In Russia, the work of the Y. M. C. A. under Hugh Moran, a Californian, earned it imperishable glory. It is a significant fact that the Russian regiments which were accompanied by Y. M. C. A. units were the last to decline to continue the fight against the Germans, and then only because their supplies were exhausted.

In France the Y. M. C. A. made the strategic error of taking over the regular army canteen, a work which the army felt it did not have the time to continue under its own auspices. The army canteen from time immemorial has always been an object of attack by the buck private who must have something to grouch at, and he picks out the canteen as being the most vulnerable.

The army canteen must pay for itself and the Y. M. C. A., in its capacity of army canteen conductor acquired all the approbrium usually borne by its non-commissioned officer managers, as well as suffering from the competition of other agencies which supplied gifts to the soldiers.

The Y. M. C. A. undoubtedly earned considerable criticism, but also without question performed great service, and, in trying to do more than some of the other agencies, its record for both good and bad is probably better known. Any effort to exaggerate the criticism of this organization unnecessarily is not only in bad taste, but shows a spirit of poor sportsmanship which is decidedly un-American.

Give While Living

Sacramento Bee

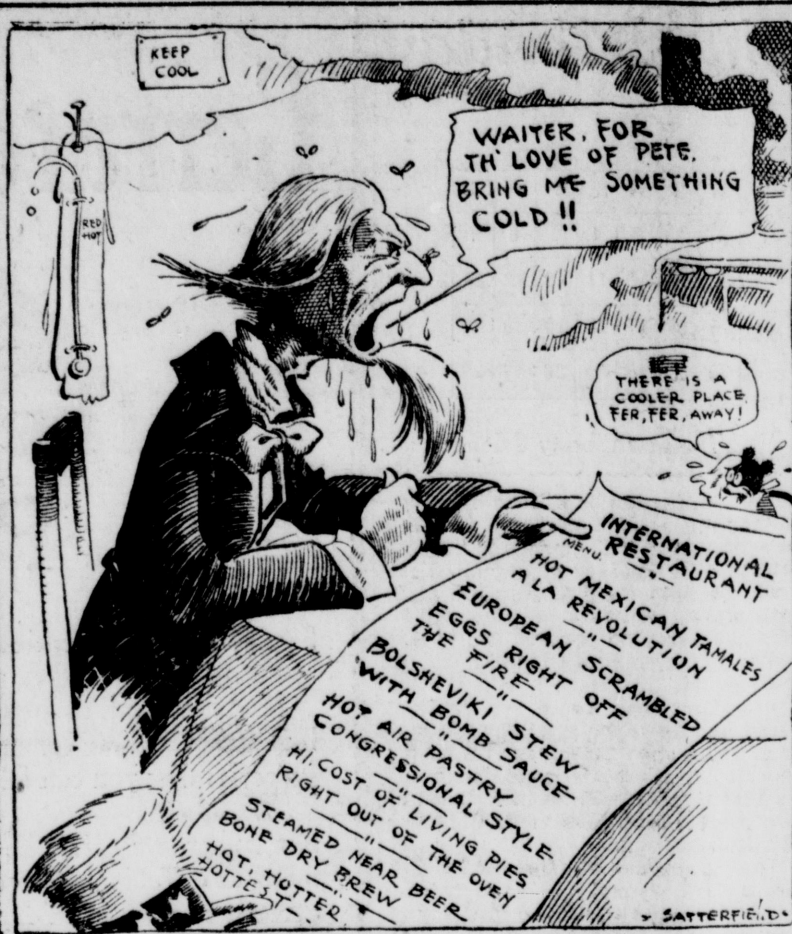

The true reward of a rich life is that actual, throbbing, living generosity which yields its store of material blessings while yet the possessor may feel the joy of giving.

Many a man merits the odium of the word "grasping." Few attain the true happiness of giving. But those few find a new wealth, a new glow of well-being, an expansion of the soul, denied to the niggardly, the miserly, the hard, and the cynical, whose motto becomes set in a concrete burden upon the heart, and that motto: Grub and keep.

The true test of generosity has been said to be giving to another that which we ourselves would miss. For what merit lies in bestowing upon our fellows the patronizing insult of things valueless to us?

And the epitome of demerit lies in giving of worldly goods to bring happiness to others only after the donor

Impossible

It's Not a Party Issue

No amount of effort has been able to make the League of Nations a party issue. Will H. Hays, chairman of the Republican National Committee, and William Howard Taft, former President of the United States, are among Republican national leaders who have pointed out with emphasis that the question is not one to be determined as a question between Democrats and Republicans.

One thing seems quite certain, and that is that the stand of the United States upon the peace treaty will not be postponed until next year. The time to act is here and now, and the senatorial mill at Washington must very soon grind out an answer. The question as to whether or not America is to stand by the tentative agreement outlined in France has to be settled now. It can't wait for the party conventions and elections next year.

If the United States signs the peace treaty, the thing is settled. We all know that the United States is not going to disregard its promises. It will never be a nation that regards a treaty as a scrap of paper. When that treaty is entered into by the United States it will be every American's duty to uphold it, for our word is good and will forever remain as binding among the nations of the earth.

It may be in the operation of the League of Nations plan that certain phases of policy will clearly be questions for party differences. As a peace plan, however, the League of Nations up to the present time is not one for a line of demarcation between Democrats and Republicans.

Worth While Verses

A WORD TO THE WORTHLESS.

Don't work till you're weary; you always can quit—
If your job is too tedious, forsake it;
Some fellow that's filled with a little more grit
Is always quite willing to take it.
He'll do all your work and a little bit more,
And grin and keep on when he's tired
Without getting grouchy, or peevish or sore,
And he'll land in your job when you're fired!

Don't spend all your time at the beck of a boss—
If his orders annoy you, why stop;
Some other young fellow will come right across
And do all the work in the shop.
He'll settle right down to the gruelling grind
And do things that YOU wouldn't try.
And if you observe him you'll presently find
That HE'LL be the boss, by and by.

Don't wear out your life in an effort to rise—
It is easy to stay where you are;
But just keep your eyes on the fellow that tries,
And you'll find he can go pretty far.
And maybe his name and his fame will adorn
Full many a newspaper headline
On the same cold and frosty and unhappy morn
That YOU take your place in the breadline!

—Jas. J. Montague.

GROANS AND GRINS

HER COMEBACK

"You make me tired," he exclaimed as he saw his wife fondling a pet dog. "I can't understand how a woman can love a brute."

"It is strange," she retorted, "but it is a case of 'with all your faults,' I suppose, dear."—Exchange.

FLORICULTURAL BUG

"My dear Mrs. Croesus, may I not put your name down for tickets to Professor Fundit's course of lectures on Buddhism?"

"Oh, by all means! You know how passionately fond I am of flowers."—Cincinnati Times-Star.

LUCKY

Dauber—I got more than I expected for my last picture.

Friend—Why, I thought your land-lord agreed to take it in lieu of next month's rent.

Dauber—Yes, but he raised my rent. —New York American.

ALWAYS IN SIGHT

She—I never see her anywhere without her husband. I wish you were as congenial.

He—I wouldn't be as jealous as that for all the money in the world.—Answers, London.

Ideal graduation present—box of Dragon chocolates—plain and fancy boxes.

is dead and therefore the gifts are valueless to him.

Yet even there more merit in a living man's gift of that which he will never miss, than for him to grasp all he owns to his bosom and keep it there with the tenacity of that most pitiable of all creatures, the miser, until cold Death reach inexorable hands for it.

BOND ISSUE OF BIG INTEREST TO COUNTY

Auto Club Urges Its Members to Vote Yes at Election July 1st

Local representatives of the Automobile Club of Southern California are among the county's most enthusiastic boosters for the \$40,000,000 state good roads bond issue to be voted on on July 1. A statement issued from the local office, sets forth emphatically the reasons why Orange county ought to cast a heavy vote in favor of the bonds. That statement follows:

Not only will the average business man of Orange county profit by the building of the roads contemplated by the state highway bond act, but the agricultural communities will also reap substantial benefits through the measure. Orange county has made a name for itself in many lines of agricultural industry and the list of products raised is both large in value and impressive in variety.

Among the products of the county may be mentioned apples, asparagus, barley, beans, beets, blackberries, butter, cabbage, carrots, cauliflower, celery, chili peppers, corn, eggs, grapes, hay, honey lemons, lettuce oranges, olives, peaches (exported), plums, potatoes, poultry, raisins, seeds, strawberries, sweet corn, sweet potatoes, tomatoes, watermelons, and other vegetables. Good roads give the farmers greater opportunities for marketing this produce, and at times when the markets are most profitable. If the highways contemplated in this act only came to the borders of Orange county to join with its own county highway system, it would fully justify a unanimous affirmative vote for the measure in that county.

But the bill provides special and distinct protects which affect the county directly. These projects, and especially the coast highway, come home to every voter in Orange county. Truck line roads inevitably bring tourist travel into every county they enter.

Believing the act to be the greatest piece of legislation for the general good ever offered the public, the Automobile Club of Southern California urges all of its members and friends to support the state highway bond issue with all their power.

For many years, the question of building a highway along the coast through Orange county has been uppermost in the minds of a very large number of people residing in this section, and the \$40,000,000 bond issue, not only provides for the building of such a highway through Orange county, but continue same along the coast through Los Angeles county, connecting all of the beach cities and towns, and on through Ventura county to Oxnard, where the coast route of the state highway is joined.

That this road will prove to be an

You'll Feel Better In a Palm Beach Suit

You can probably get along this summer without a Palm Beach Suit, but it doesn't pay.

If you value your comfort; if you prefer to be cool instead of hot; if you want to conserve your energy, wear one of these good fitting Palm Beach Suits.

Price \$15.00.

Other Light Weights \$11 to \$20

The House of Koppenhagen

other trunk line pouring volumes of traffic to and through Orange county, there can be no question.

The voters of Orange county should also take cognizance of the fact that the completion of the road from San Diego to the Imperial valley and from the Imperial valley to Yuma, will mean that a large volume of traffic entering the state at more northerly points will come in over these roads when built, and this travel must pass to and through Orange county.

These special items and the general advantages which will accrue to the people of the county through the passage of the act should make the vote in Orange county a solid "Yes" for the bill on July 1 next, and it is to be hoped the voters will turn out to register that vote without a single stay-at-home.

MRS. MYRNA NORTHCUTT STARTS TO WISCONSIN

LOS ANGELES, Cal., June 24.—Mrs. Myrna Northcutt, wife of Lieut. Carlton Northcutt, U. S. N., and who figured in the Mann Act prosecution against Wm. Gowling, left last night for San Francisco enroute to Superior, Wisconsin, where she will spend the summer at the home of her parents.

WANTED—A good, strong boy at the Dragon, 18 years old.

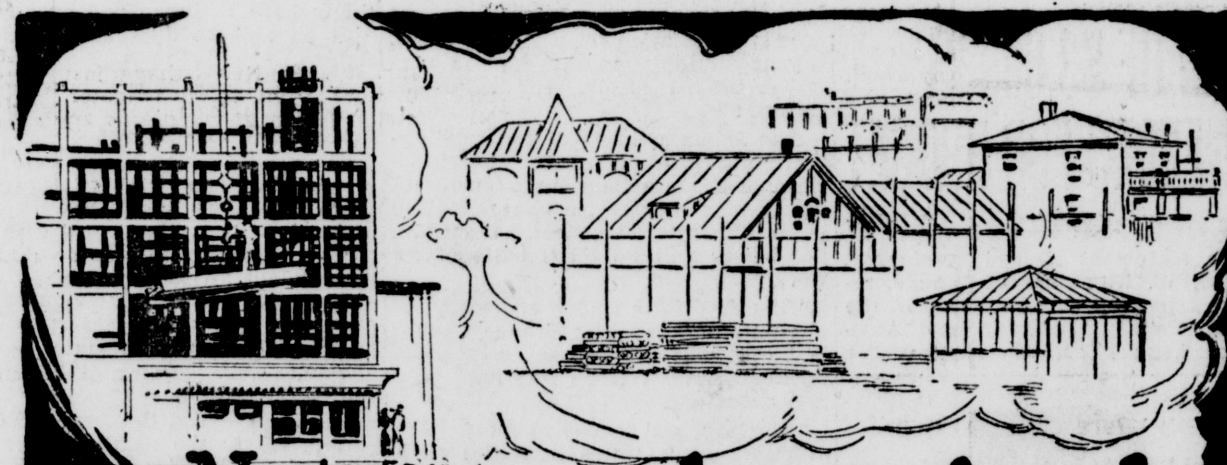

Largest Airplane In World Is Completed By English Company

FARNBOROUGH, England, June 24.—The Tarrant Aircraft Construction Company has just finished building the biggest aeroplane in the world.

It is a triplane, the middle plane of which is 131 feet wide. Above and below this are two planes, each 98 feet long. All three planes are 15 feet 2 inches deep. The body is 76 feet long (10 feet longer than the biggest biplane), and the height is 37 feet.

The pilot's seat just out 12 feet beyond the line of the planes. The body of the machine resembles a whale in length and girth, with a great blunt-ended nose. Between the planes are six Napier-Lion engines each developing five hundred horse power. Four of them operate two-bladed tractor propellers; two of them four-bladed "pusher" propellers.

AT A COSTUME BALL
"This is a costume ball?"
"Yes."
"Is that lady in ballet costume?"
"Certainly not. That is the quaint street dress of 1918."—Louisville Courier-Journal.

Nothing to be gained by waiting BUILD NOW

It is very evident that building construction prices will not come down. It is a certainty that labor will not cost less—ever again. It is essential, therefore, that if you contemplate building you do it with as little delay as possible. We urge this course upon every one who has in mind the building of a home.

Have the Plumbing Right

And when you do build be sure about your plumbing contract. The matter of plumbing is so important your equipment will never be right unless it is the best. Let our reputation for fine plumbing guide you.

Builders Hardware

Your hardware item, also, will be a big thing. May we help you with this problem?

Social Events

Schoolmates Entertained.

A pleasant ending to a busy school day was given Nelson Holderman, Jr., and twenty-six of his second grade schoolmates yesterday by his mother, Mrs. N. Holderman.
It was her son's ninth birthday and to celebrate the occasion, Mrs. Holderman invited them all to meet in the guest room of the Jefferson school where they played all the games children enjoy until four o'clock when they were served with the usual birthday cake and strawberry ice cream.
Nelson, Jr., received many best wishes from his friends and before leaving they sang two birthday songs for him. Several older people were there to help him celebrate including the principal, Miss Barclay, his class teacher, Miss Laughhead, Mrs. Palmer, Miss Plumb and his mother, Mrs. Holderman.

Afternoon For Teachers.
Mrs. E. L. Bowers and Mrs. A. R. Hervey both have students in the Lincoln and Washington schools. Recently they entertained the teachers of those schools at a delightful informal afternoon party at Mrs. Hervey's home on Spurgeon street.

Only a short time was spent indoors and then the guests were taken into the back yard, attractively and seasonably dressed in hollyhocks, summer flowers and greenery. It was an ideal place and the guests enjoyed it to the fullest extent.

Washington Teachers Entertained.
Miss Vanche Plumb was hostess last evening to her fellow teachers at Washington school.

The gratifying shadiness of the lawn at Miss Plumb's residence was a welcome and cooling change in the intense heat of the afternoon and the light supper Miss Plumb served there was doubly appreciated.

The teachers have become fast friends during their year's work together and are not anticipating the close of the semester as they would were they all to be here again next year. Yesterday's affair was a sort of "rarefied reunion" and the friends made the most of the time left them in just visiting and making plans.

This summer Miss Plumb is to attend the school at Berkeley, Miss Fulmer is going to her home in Pennsylvania, and Miss Latta is also going to her summer mountain home in Colorado. Mrs. Hearde, Miss Brokaw, Miss Rickerich, Miss Paine, Miss Hardy, and Miss Cornell will not definitely decide what their summer plans will be.

Miss Plumb's sisters, Misses Josephine and Hope Bull played and sang for the guests adding much to the enjoyment of the afternoon.

Mrs. Bull and Miss Claire Plumb were also guests.

Wedding Anniversary.

Mr. and Mrs. C. C. Schultz were very pleasantly surprised Saturday evening when a large company of friends and relatives called at their home at 507 Minter St., to remind them that the day marked the 37th anniversary of their wedding. A happy evening was spent in music, games and conversation. At a late hour refreshments were served by Mrs. Geo. Peckham, daughter of Mr. and Mrs. Schultz. Those present besides Mr. and Mrs. Schultz were Messrs. and Mesdames. Frank Nelson, Dan Edwards, Stanley Mansur, Frank Galpin and daughter, Geo. Reckham and family, Charles Schultz, Mrs. Cleary, Mrs. Kean, Miss Mary Flora, Mr. L. D. Stewart and family, Misses Esther Kettle, Frances Cleary, Helen Cleary, Elizabeth Cleary, Jenny Johnson, Martha Schultz, Messrs. Paul Nelson and Borhart.

Summer Journey.
Mrs. Edward Stark and her daughter, Miss Berdella Stark, left this morning for San Pedro where they will join a party of friends for a most delightful summer journey. They will travel as far north as Vancouver, with several interesting stops by the way. The trip will cover several weeks. In the party is Mr. J. F. Rutherford of Brooklyn, N. Y., who will return with Mrs. Stark and Miss Stark as far as San Francisco, and from there he will leave for his eastern home.

Dr. and Mrs. Zaiser Hosts.

Dr. and Mrs. Harry F. Zaiser were hosts Saturday evening at a dinner honoring Dr. Zaiser's brother, Mr. Fred A. Zaiser of Burlington, Ia., who is spending the summer in California. Pink Cecilia Brunner roses and ferns centered the table, where covers were laid for Dr. and Mrs. Zaiser, Dr. and Mrs. F. W. Slabaugh, Mr. and Mrs. Adam F. Zaiser, Mrs. Margaret Zaiser, Misses Ester and Laura Zaiser, Miss Georgia Gray and Charles Doble.
Rev. Arthur Zaiser of Ft. Madison, Ia., another brother of Dr. Zaiser and Adam Zaiser, has just arrived in Santa Ana accompanied by his son Donald. The four brothers are having a most enjoyable reunion, and it is the hope of Dr. Zaiser and Adam Zaiser to persuade the two Eastern brothers to make Santa Ana their home.

Whist Party

Misses Katherine and Anna Fitch were hostesses to twenty-four of their friends Monday evening with a whist party at their home on South Yorba street. Miss Ethel Ahlefeld and Albert Schroeder were winners of the first prize and Amanda Frahm and Grant Peterson received the consolation.

Other games were played and solos were given by Grant Peterson and Louise Fitch accompanied by Miss Katherine Fitch and Elfrida Borchart.

A pink and white color scheme was carried out in the decorations and in the light refreshments served by the hostesses.

The guest list included the Misses Esther Seylinger, Anna Cordes, Eda Frick, Alma Clodt, Louise Fitch, Amanda Frahm, Anna Harms, Mary Hillebrecht, Ethel Ahlefeld and Elfrida Borchart; Messrs. Grant Peterson, Clarence Dickerson, Edward Frahm, George and John Hillebrecht, Rudolf and Reinhard Frick, Ed. Schlueter, George and Fred Fitch and Albert Schroeder.

Tie Comforter

Mrs. W. D. Baker and Mrs. C. W. Burns entertained at Mrs. Baker's residence yesterday for Miss Isabel Jayne.

About thirty ladies were present to assist in hemming towels and in tying a pink and blue comforter.

For Sunday School Class

Mrs. Fanny Lash will entertain her Sunday school class with a noon dinner tomorrow at her home at 220 Cypress avenue.

From Miss Nisson

Mr. and Mrs. M. Nisson have just received word from their daughter, Miss Estella Nisson, that she has accepted a position with the Social Research Association of New York City. The position carries with it a fine salary, with excellent prospects for speedy advancement.

Miss Nisson was graduated from the Santa Ana High School in 1914, from Stanford University in 1918, and received her degree in Social Economy and Social Research at Bryn Mawr last month, from the Carol Weirshofer department of that college.

MARRIAGE LICENSES

IN SANTA ANA
John Ponton, 43, and Edith Willett, 29, both of Los Angeles.
Joseph J. Courreges, 38, Huntington Beach, and Marie Ramirez, 29, Los Angeles.
Harry Ames McCreary, 30, Los Angeles, and Clara Minnie Weber, 28, Mantato, Minn.
Noah C. Jackson, 36, and Edith A. Foley, 34, both of Los Angeles.
Walter Louis Morgan, 32, and Agnes Beatrice Stratton, 24, both of Los Angeles.
Walter W. Power, 21, and Barbara Pedler, 19, both of Coronado.
Alva Loy Reeder, 21, and Madeline Coral Walter, 20, both of Long Beach.
Roy R. Crist, 21, and Lillian Dodge, 18, both of Los Angeles.
Carey A. Tingley, 39, and Frances Hooper, 41, both of Long Beach.
Edward F. Fisher, 24, and May Katherine Capen, 20, both of San Diego.
Murry C. Paschall, 38, Anaheim, and Louise E. Paulson, 34, Long Beach.
Harley E. Barnhart, 25, Arden, Ohio, and Helen M. Cleary, 27, Santa Ana.
Harry Douglas Rivers, 35, Orange, and Katherine MacDonold, 28, San Francisco.

First M. E. church will meet with Mrs. Lash, 220 Cypress avenue, Wednesday at 10 a. m., for a social day. All members are requested to attend.

City and County Briefs

The six-room bungalow at 419 South Birch that has been occupied for some time by N. W. Draper, manager of the Southern California Sugar Company, has been purchased by him from Arthur F. Clarke of Riverside.

Over 100 reservations for the Associated Chambers of Commerce banquet and meeting at the Palisades hotel tomorrow night had been made up to noon today. Those who intend going should not fail to make reservations at once or they might find themselves without a position at the tables should they go down without making reservations. It is expected that at least 150 will be in attendance.

Marshall Burke, son of Attorney Joe C. Burke, left last night for San Francisco. He has enlisted in the navy and goes to San Francisco to report for duty.

Taking the curb at the corner of Broadway and Chestnut yesterday afternoon to avoid a collision, Clare Wardlow sustained damage to his automobile to the extent of a broken front wheel and a sprung front axle. The driver of the car in the mix-up did not stop and his name was not secured.

There is no question but what warm weather during the last week has given a good many beans on dry lands a severe setback. Owing to lack of rain, beans did not come up well on the heavy lands, and prospects for a crop on heavy lands are poorer now than they were ten days ago.

Sergeant John E. Bruns arrived yesterday from San Francisco on a 30-day furlough, for a visit with his parents, Mr. and Mrs. John Bruns, of North Broadway.

L. A. Ludwig has sold his bicycle shop at 315 East Fourth street, and was due to leave today with his family on an automobile tour to the east to be gone several months. Later he will return and again enter the bicycle business here, it is understood. George Post, who purchased the Ludwig stock, is moving it to his place at 217 West Fourth street.

THE TIDES
Wednesday, June 25
2:41 a. m. 0.8; 8:54 a. m. 4.1; 1:46 p. m. 1.8; 8:14 p. m. 7.2.

DEATHS
DE VOE—William H. De Voe, aged 73 years, passed away early this morning at his residence, No. 645 North Birch street. He is survived by his wife, Mrs. Lydia De Voe, four sons, W. E. and G. J. De Voe of Santa Ana, J. J. De Voe, at present in the army at the Presidio, and O. A. De Voe. Mrs. Harry Fink, a daughter, lives in Calgary, Canada. The remains are in care of M. H. and Winbiger, who will announce services after word is received from his daughter.

You can get Purina whole wheat bread at the Dragon. First health flour manufactured since the war.

Dancing at Campbell's Hall, Orange, every Wednesday evening. Special attractions for every dance.

Chamberlain's Colic and Diarrhoea Remedy.
Every family should keep this medicine at hand during the hot weather of the summer months. It is almost sure to be needed before the summer is over and when that time comes it is worth many times its cost. It has no superior for the purposes for which it is intended. Buy it now.—Advertisement.

SEVEN JURY WOMEN IN NORTHCOTT CASE

REDWOOD CITY, Cal., June 24.—The state has abandoned its attempt to convict Dr. Ephraim Northcott of first degree murder and will try to win a second degree murder verdict. This was made plain today by District Attorney Swart.

The jury which will try the doctor on the charge that he performed an illegal operation on Elizabeth Inez Reed, army nurse, thereby causing her death, was completed late yesterday. It consists of seven women and five men.

In his statement to the jury, Swart declared he had direct evidence that Miss Reed was in the house at San Mateo, where the alleged operation was performed two days before her death.

CARD OF THANKS

We wish to thank our many friends and neighbors for their loving sympathy shown us during our recent bereavement; also for the beautiful floral offerings.

MRS. FRANCES DRESSER AND FAMILY
MRS. JULIA DUNNING
MRS. MARY DRESSER.

\$50,000 BALM ASKED BY "SWEET BABY DOLL"

LOS ANGELES, Cal., June 24.—Fifty thousand dollars is what Mrs. Marie Stewart, news girl at a Los Angeles hotel, asks the court to award her on her allegations that D. W. Ballew, Texas oil man, broke a promise to marry her.

A few days after Ballew wrote her a burning note and called her his "Sweet Baby Doll," Mrs. Stewart alleges, Ballew appeared at the hotel with his wife.

PERSONALS
Mr. and Mrs. Linn L. Shaw have returned from a delightful auto camping trip to the Yosemite, being accompanied by their son, Ted Shaw, and wife.
Miss Adapearl Hinds arrived yesterday afternoon to join her parents, Mr. and Mrs. W. W. Hinds, who are temporarily staying at the Fowler Apartments until they can secure a house.
Mr. and Mrs. F. E. Baugs of 701 Orange avenue and their son, Lieut. Edward C. Baugs, left yesterday afternoon for Big Bear Lake for several weeks.
Miss Teresa McDonough has returned from a week's vacation in the mountains.
Miss Una Fowler, formerly of the Santa Ana faculty, now with Manual Arts in Los Angeles, is visiting Mrs. J. J. Roper.
Mr. and Mrs. George Osterman of El Toro, attended the alumni banquet last evening.
Ensign Francis Westgate left for San Diego early this morning.
J. D. Parsons and niece, Pauline Parsons, went down to Balboa today to occupy their cottage for a few days. Miss Parsons will entertain a number of her friends.
After a week's visit with Mrs. Gertrude Sackman, Mrs. William Daul of Oakland returned to her home in Oakland yesterday. Mr. and Mrs. Daul was formerly Miss Gertrude Clark of Orange.
Dr. C. T. Cleland, wife and son, 951 West Fifth, will leave Sunday next by auto for an extended trip through California, Oregon, Washington and British Columbia. They will be gone about two months.

Ideal graduation present—box of Dragon chocolates—plain and fancy boxes.

Gilbert's INC
110 W. FOURTH ST.
SANTA ANA, CALIF.

EVERY SATURDAY, COMMENCING JUNE 28TH, THIS STORE WILL CLOSE AT 6:00 P. M.

Steady Saturday
The closing program for the year at Ebell promises to be a particularly enjoyable one and quite different in character from any of the season's programs.

A clever one-act comedy, "Lemon or Cream," by Florence Pierce Reed, will be given, with Miss Reed and Louise Anderson Henderson appearing as the cast.

The proposed changes in the constitution will also be presented for action on Saturday. One of these proposed changes will change the day of meeting from Saturday to Monday, and the other will change the present method of electing officers.

Ebell hopes to attain a very large membership next year and any one who wishes to become a member is urged to communicate with Miss Mabel McFadden, the recording secretary, or with any other officer or board member. Names presented before the end of July will appear in next year's club year book. Those to whom applications for membership may be made include Mmes. W. L. Grubb, A. J. Crookshank, R. E. Miles, C. A. Gustlin, J. E. Gowen, A. M. Gardine, Terry E. Stephenson, J. Dick Wilson, W. L. Deimling, P. L. Tople, Lulu Minter and E. B. Smith.

All-Day Meeting

The Woman's Bible Class of the

News from Orange County Towns

OPERETTA GIVEN BY PUPILS AT TUSTIN

Class of Graduates Given Diplomas at Pleasing Entertainment

TUSTIN, June 24.—The Tustin school auditorium was filled to overflowing Friday night at the closing exercises of the Grammar school which held something of interest for practically every home in the district.

The eighth grade pupils, twenty-nine in number, took part in the operetta "Snow White" and carried it through with fine effect. The characters were taken as follows:

Nellie Ware, Princess Snow White; John Donan, the Prince; Elizabeth McDougall, the Queen; Paul Brown, Carl Huntsman, chorus by the eighth grade pupils.

The boys who took part in the mountain home scene were exceptionally good and the little fairies were pleasing to see. Everybody thought the principle characters were fine, especially when the difficulties under which they have labored this year are taken into consideration.

At the close of the play two whistling numbers by Mrs. C. D. Brown delighted the audience and Rev. M. E. Ladien sang a song of the soldier boys and responded to an encore.

L. L. Marchant, of the school board, delivered the diplomas to the following girls and boys who passed the examinations successfully:

Virginia Bigelow, Anna Cooper, John Donan, Lillian Dowell, Raymond Fisher, Evelyn Hoffman, Esther Jones, Margaret Jones, John Ladien, Cinderella Phinney, Christina Quintana, Shelby Trotter, Nellie Ware, Eileen Young, Robert Bowe, Helen Brown, Paul Brown, Francis Edmunds, Charles Ely, Inez Hickman, Laurence Hickman, Elizabeth McDougall, James Means, Stewart Riter, Earl Ross, Laurence Sauers, Grace Squires, Clarence Trickey, and Harry Whitney.

All the teachers will be returned next year except Miss Edna Murphey, who will go to Nebraska to live and Miss Helen Cox, who will spend next year in the east.

Miss Minnie Johnson will leave on Saturday for a visit to relatives and friends at Indianapolis, Ind., but expects to return before the beginning of the school term in the fall.

Dr. Jesse Lingenfelter of San Francisco is visiting his aunts Mrs. Effie Slusser and Mrs. F. T. Preble. Dr. Lingenfelter has recently graduated from the dental school in San Francisco and now has an opening to locate in Los Angeles.

Miss Ruby Daggett, one of the Tustin teachers, is contemplating a trip east this summer.

The regular meeting of the Tustin Presbyterian missionary society was held Thursday afternoon at the church. A talk by Mrs. Whiting, a returned missionary, was exceedingly interesting. She went to China the first time fifty years ago and she spoke of the conditions in China then as compared with the striking changes now going on in that country and gave the experience of her husband during the Boxer troubles. Mrs. Whiting's audience prolonged the address by eager questions.

Mr. and Mrs. J. D. Beach, Mr. and Mrs. Charles Beach and daughter Josephine of Huntington Park, and Mr. and Mrs. Warren Talbert of Oakland, were guests of Mrs. Ann Swartz at dinner on Sunday evening. Mr. and Mrs. Wade A. Davis and daughter Ruth were also visitors at the home of Mrs. Swartz at the week end on their return trip from San Francisco.

The regular meeting of the Tustin W. C. T. U. will be held Thursday afternoon at the home of Mrs. P. H. Ebel.

THERE'S A KNOCK ON YOUR DOOR

WOODMEN OF THE WORLD
Something doing at Woodmen of the world meeting Tuesday night. Don't miss it.

You who are reading this, if a Woodman, come out—remember it's a long time since you have been to meeting, and those faithful few who have cared for your interest want to take a look at you; don't wait till old age stacks up against you so we would not recognize you, or you would forget how we used to look. There's a glad hand awaiting you, dear brother, won't you come?

We meet in G. A. R. Hall.

Let Cuticura Help You Look Like This

Nothing better to care for your skin, hair and hands. The Soap to cleanse and purify, the Ointment to soothe and heal, the Talcum to perfume.

Cuticura Soap, Ointment and Talcum 35c each. All drug stores or sent by mail on receipt of price. Address: "Cuticura, Boston."

ORANGE PERSONALS AND NEWS NOTES

ORANGE, June 24.—A very pleasant afternoon was spent at the home of A. H. Abrahams, when a farewell party was given in honor of Mrs. Louisa Walther, who left for Denver, Colo., yesterday. Those who were present to enjoy the pleasant affair were: Mrs. C. A. Fiene and daughter, Mrs. Miller and daughter, Mrs. Helmreich, Miss Emma Wyneken, Mrs. Buehler and Mrs. Yergesen. At five o'clock, dinner was served, after which the guests departed expressing their appreciation of the hospitality shown.

The Woman's Foreign Missionary Society of the Methodist church will hold their regular evening meeting tonight at 7:30 o'clock at the home of Miss Lulu Kenyon, corner of Orange and Palm streets. Members and friends are invited to come and bring a small doll. The social hour will be spent in dressing the dolls which will be sent to Chinese orphans.

The St. John's Lutheran church will hold confirmation services next Sunday at which a class of fifteen will be confirmed. Those in the class are: Ella Klausmeyer, Dora Ruehle, Alice Westermann, Elsa Kothe, Ernesta Bliesser, Gertrude McDonald, George Krueger, Edgar Maas, Paul Weiss, Helen Ruehle, Elva Wefel, Florence Barkhau, Reinhold Duker, Gottlieb Elitiste and Herbert Gerken.

Mrs. Louisa Walther, who has lived at the home of her son, Herman Walther, for the past four years, left last evening for Fort Collins, Colorado, to visit her daughter, Mrs. Herbert Wheeler, of that city.

Dr. H. R. Fishback of Philadelphia is visiting his cousin, M. M. Fishback, for a few days. Dr. Fishback is a brother of W. M. Fishback, former principal of the high school here.

Miss Cornelia Murray of the Orange high school faculty and her mother left yesterday for Beloit, Wisconsin.

PLANES FROM MARCH ARRIVE HERE TODAY

Three aeroplanes from March field are here and will remain for two or three days in a recruiting campaign. Lieut. Norby is in charge of the planes and effort will be made to secure recruits here for the air service.

The flyers in coming into the city this morning gave several exhibition stunts over the city. They landed in the McFadden field.

LEMON JUICE FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

ENJOY PROGRAMS AT GATHERINGS OF W. C. T. U.

Two Meetings Conducted By Garden Grove People Are Largely Attended

GARDEN GROVE, June 24.—The W. C. T. U. met at the home of Mrs. E. E. Spain Wednesday afternoon. There was a good attendance and several reports of the state convention held in Santa Ana in May were given.

Mrs. Noble had charge of the program, the subject being "Make the World More Homelike." Many interesting thoughts were brought out. Mrs. Spain served delicious refreshments and at the close of the meeting flowers were distributed to the sick people and shut-ins.

A class of six boys completed the W. C. T. U. silver medal at the school auditorium Friday evening. Howard Harper won the coveted trophy with the selection entitled, "A Case For Charity." Ralph Emerson recited "A Threat From Little Tommy," Frank Thompson, "Little Builders," Meredith Francis, "Two Boys and a Cigarette," Orville King, "No Cigarettes For Me," and Merle Lee, "A Warning."

The subject handled by these boys was anti-narcotics, and all of them did credit to themselves.

Claude Preston of Cypress, pleased the audience with the selection with which he won the diamond medal recently, entitled "The Ship Went Down." Rev. R. N. Davis gave an interesting talk regarding the evils of the cigarette habit. Little Donald Baum sang "Tobacco is an Indian Weed." George Skanker of Cullerton, sang a solo, and Miss Effie Jessup rendered a piano solo, and both responded to encores.

J. W. Woodworth, Mrs. R. N. Davis and Mrs. J. L. Preston were the judges and Mr. Woodworth presented the medal with well-chosen words of commendation and encouragement.

GARDEN GROVE NEWS

GARDEN GROVE, June 24.—Mrs. H. F. Russell and children and Mrs. W. A. Wheeler and children enjoyed Wednesday at Long Beach.

J. D. Price has the material on the ground for the erection of two modern bungalows on his lots on First street between Acacia and Ocean avenues.

H. G. Houghton has sold his bakery to T. J. De Vine of Santa Ana, for several years foreman of the Bon Ton, who comes highly recommended. Garden Grove regrets the loss of Mr. and Mrs. Houghton.

C. A. Emerson, J. F. Mayhew and daughter, Miss Goldie, and son, Clay, the latter from Prescott, Ariz., motored to Santa Susana Thursday, returning Friday.

Elden Butler returned from overseas Saturday.

Ruel Reed returned home Monday, having nine weeks' vacation from his school work at Oakland. After a month spent at the home of his parents, Mr. and Mrs. A. G. Reed, he will return, accompanied by his parents, and together they will visit relatives en route.

ANAHEIM REALTY CO. BUYS VALENCIA GROVE

ANAHEIM, June 24.—One of the most important recent transfers of real estate made in the Anaheim section was consummated when the C. B. Berber company purchased of R. J. Barber the beautiful ten-acre Valencia orange grove on South Los Angeles street, Anaheim, which was formerly owned by S. R. Coate. The Berber company sold this grove for Coate to L. M. Durnam about five months ago and resold it to Barber for \$32,000 two months ago.

Barber is leaving for a summer visit to his old home in Canada and will return in the early fall.

In the purchasing of the Barber grove the Berber company has acquired one of the highest class all-around properties in Orange county. Durham recently purchased the Kirsch place, just southwest of Anaheim, and Coate has acquired the Swett and Metcalf 20-acre grove on the Ball road.

ROADS TOO GOOD, HE IS NABBED FOR SPEEDING

TULARE, Cal., June 24.—Good roads are not always assets. In a letter to local business men, a Fresno (name withheld) states that he is really afraid to travel through Tulare on account of the roads.

Not because they are so bad—on the contrary, they are entirely too good. He goes on to say that a few days ago when he was gliding and sliding through here at the rate of 38 miles an hour he was nabbed by a meddling traffic cop. Hence his warning of seductive thoroughfares.

LIFT OFF CORNS!

Doesn't hurt a bit! Sore corns lift right off with fingers. Magic!

Costs few cents! Drop a little Freezone on that touchy corn, instantly that corn stops hurting, then you lift it right out with the fingers.

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness or irritation. Freezone is the much talked of discovery of the Cincinnati genius.—Adv.

DIPLOMAS GIVEN VILLA PARK GRADUATES

Class Play and Addresses Feature Good Program As School Closes

VILLA PARK, June 24.—The Villa Park school held its graduation exercises at the hall on Friday evening, with a large crowd present. The program opened with a selection by the school orchestra.

H. T. Thompson gave a short talk on the new school house which Villa Park is planning to build this summer and which is much needed.

Eight boys, selected from the primary grades, gave a spoon drill. The class play, entitled "Patty Saves the Day," was next on the program and was very cleverly acted and much appreciated by the audience. The play was a pleasant affair dealing with the finding and keeping of "the spade" by either the eighth grade or the freshmen class, the spade being the one with which the foundation of their school had been started. The cast of characters was:

Miss Nelson (pet teacher), Mary Adams.

Marsie Marsh and Helen Hilton (eighth graders), Rose Cornelson and Pearl Reister.

Sid Marsh, Marsie's brother, Tom Towns.

Oliver Prescott, Donald Cornelson.

Patty Steele, "The Mouse," Adaline Waffle.

Tilly, the Maid, Kathryn Ryan.

Sarah Hill and Kathryn Dean.

Freshmen, Marjorie Thompson and Vesta Curl.

Bob Wright, Freshman, Charlie Padias.

Dave, "The Gardner's son, Lew Wulff.

Following the play, Rev. J. J. Jones delivered the address to the class, on the subject of "Dreams" and brought out many fine lessons to be learned from "Dreams."

A. M. Brubaker presented the diplomas to the graduates with a pleasing address to them on "Knowledge." Those receiving diplomas were Mary Adams, Rose Cornelson, Pearl Reish and Adeline Waffle.

Miss Mildred Granger is a guest at the Willard Smith home for a few days.

Mrs. Elma Lee has a beautiful night blooming plant which she has been proudly showing to friends. The plant at the height of its blooming held twenty-one blossoms.

Mrs. H. H. Gillogly and children are spending a few days with Mr. and Mrs. J. M. Gillogly.

Mrs. Ball and son Clarence of Long Beach attended the graduation exercises Friday evening. Mrs. Ball is the mother of the principal.

Mrs. J. W. Shoemaker of Orange was a visitor at the Caldwell home Friday afternoon.

R. F. Reish motored to Los Angeles on Friday afternoon to bring Bernice Reich home for her vacation from the Los Angeles Normal.

HOME-MADE candies fresh every day. Nougats, Fudges, Caramels, Chocolate Creams, Brittles. Lion Kandy Kitchen, 113 West Fourth.

YOU ARE INVITED TO THE CELEBRATION

of the Orange County Harbor Bond Victory at Newport-Balboa

SATURDAY, JUNE 28th

Afternoon Program

Reception to County Delegations.

Address by Clyde Bishop of Santa Ana.

Concert by U. S. Naval Recruiting Band.

Reception of U. S. Submarine chasers.

Dancing in Balboa Pavilion.

Yacht Club Races in the Bay.

Evening Program

Water Carnival and Illuminated Boat Parade, with cash prizes for best decorated launches, rowboats, and canoes, led by navy band.

Illumination of proposed County Harbor channel.

Fireworks, dancing.

Come as Early as Possible

This is Your Harbor and this is Your Celebration. It is fitting that you should appoint a day in which to make merry over a victory that in far-reaching benefit may well prove Orange County's biggest progressive movement. Your action in voting "yes" June 10th inaugurated a new era of commercial, industrial and pleasure activity for our County. You have opened another Harbor to the world's trade. You have enriched humanity. You have benefitted your own community and added to the wealth of every one in it. Come then and celebrate with us next Saturday. The U. S. Navy will be represented by the magnificent Naval Band and—more important—by sub-chasers. (It has also been promised, if possible, that we will have a Naval Seaplane Exhibition). Saturday will be a big and happy day at Newport-Balboa Beach. Come as early as possible, and stay as late as you dare.

**LOS ANGELES TO
GET GOODYEAR
TIRE PLANT****Cotton Factory For Fabric
Making, Also Part of
Big Project**

LOS ANGELES, June 24.—The Goodyear Tire and Rubber Company has purchased nearly 600 acres of land in Los Angeles, including the Ascot Park race course and will start immediately the erection of a tire factory it was announced by the company's agents here today.

Adjoining the tire factory the Pacific Cotton Mills Company, a related organization, will erect a cotton mill to manufacture fabric for tires from long staple cotton to be brought here from Arizona and the Salt River Valley cotton fields.

The Goodyear interests have incorporated the Goodyear Tire and Rubber Company of California capitalized at \$20,000,000 to build the tire factory and the cotton mills company has been capitalized at \$6,000,000.

The output of the plants will be used to supply the western and oriental trade. It is estimated that the tire plant will employ 2500 men and the cotton mills 800. They are expected to be in operation within a year.

Almost every one buys a car so that they may enjoy life just a little more. Some do and some don't, after buying. Real buyers always do. Wass Auto Co.

**DRESS REHEARSAL.
CLASS PLAY TODAY**

Today comes the dress rehearsal of "The Melting Pot," to be presented tomorrow evening at Clune's theater by the senior class of the Santa Ana high school as a part of its commencement week program.

Can one imagine how it would feel to look the part of a real baron or baroness, with a genuine spiked coat or heavily brocaded gown? Full beards that sprout in the twinkling of an eye and bald heads that shine equal to the original are brought into existence with a magic wand. A merry school girl is quickly transformed into a quivering old Yiddish woman, mumbling against America. A few more flourishes produce the old-time musicianmaster and the effervescent orchestra conductor, figures representative of a generation that forms an effective background for the work of the young Jew and Russian who present the dramatic struggle of the play.

The facility of speech and ease of manner acquired by the young actors during these weeks of training are sufficient proof that the production tomorrow night will be a gratifying spectacle.

Ideal graduation present—box of Dragon chocolates—plain and fancy boxes.

If you haven't yet arrived, take heart of the fact that for years T N T was a useless by-product. You may make a big noise yet.

Wilson didn't put over his idealism, yet he need not feel downhearted. Nineteen centuries have not converted the world to the idealism on which his is based.

**FIRECRACKERS
CAUSE BLAZE
IN TREE****City Marshal Directed to Stop
Exploding of Crackers,
Bombs In City**

Fire in a palm-tree at 611 East First street yesterday afternoon started by firecrackers emphasizes the fact that precautions should be taken at this time in firing explosives that are in season at the Fourth of July.

As the Fourth approaches Young America becomes more zealous than ever in venting his pent up joy at the recurrence of independence day by shooting fire crackers and other explosives.

Everything is dry at this season and makes promiscuous firing of fireworks particularly hazardous.

The city has strict regulations against the use of explosives and City Marshal Jernigan last night was directed to see that the regulations are enforced. Every boy or girl, man or woman, who fires a cracker or bomb without permission from the city marshal or council is liable to arrest.

The little fellows about town, who are not in touch with the laws, once in a while shoot off a cracker. The pop is frequently heard.

A section of a city ordinance passed on June 24, 1889, and signed by John Avas, as president of the council, and Ed Tedford, as city clerk, provides that it is unlawful "to discharge or explode any gun, pistol, cannon, or

Courthouse News**H. ROHRS, JR. IS
DEFENDANT IN
DAMAGE SUIT****Leon Shadel Asks \$10,000
For Alleged Injuries Re-
ceived on July 16, 1918**

Ten thousand dollars damages are asked of Henry Rohrs, Jr., in a suit filed in the Superior court here today by Leon Clyde Shadel, both of Orange. Attorney J. C. Burke represents Shadel.

The complaint recites that on July 16, 1918, at about 9:30 p. m. Shadel was walking across Plaza Square at Orange, near Glassell street, when Rohrs' machine drove against, over, and upon him, knocking him down, wounding and lacerating his body, bruising his head, rendering him semi-conscious for several hours, partially paralyzing his left side, and fracturing a bone of the forearm.

As a basis for the suit, Shadel alleges that Rohrs was driving "recklessly, carelessly, and negligently," that the auto lights were not sufficiently strong that Rohrs could see Shadel and that the car did not have adequate brakes.

**HENRY ARRESTED, IS
OUT ON \$1000 BAIL**

H. J. Henry, accused by Hattie Gumbins of deadly assault with a revolver upon P. A. Gungolus, aged resident of East Newport, was arrested and this morning appeared before Justice Cox, when his preliminary examination was set for July 10 at 2 p. m. Henry gave bail of \$1000 and was released.

Henry, it is alleged, hit Gungolus over the head with his revolver Sunday evening during a scuffle between Henry and Gungolus' son in front of the East Newport store, while Henry was on duty as a special officer. Henry's story is that the blow was struck while Gungolus, Sr., was grappling with Henry, Henry striking over his shoulder with Gungolus, who was at his back.

It was reliably reported today that Henry was not a permanently appointed officer of Newport Beach, having been appointed by the city council there on trial up to yesterday, June 23. No action to confirm his appointment was taken last night, it is reported, and hence Henry is no longer an officer of the beach city.

**SUES FOR ONE-HALF
REALTY COMMISSION**

George H. Beckman, with Tipton and Callor as his attorneys, has filed suit in the Superior court here against Theo. Roberts of Anaheim, seeking to collect \$750 alleged to be due him as half of the commission on a real estate deal. Roberts, according to the complaint, represented that he was the duly authorized agent for the sale of 5½ acres of Mrs. Richardson's property northeast of Anaheim, to be sold for \$16,500, sought Beckman's aid in making the deal and promised Beckman half of the commission for making the sale. Thereafter, Beckman alleges, he secured a buyer for the tract, a Mr. Hazlett, who bought the 5½ acres for the agreed-upon price, and Beckman is suing Roberts to collect half of the commission, or \$750.

Taylor's Cash Store**COURTHOUSE NOTES**

The Carmelita Escarrega estate has been appraised at \$750.

Letters of guardianship on the estate of Ronald M. Briggs, a minor, have been issued to Marguerite Travers.

Judgment in favor of the defendant has been filed in the case of Theodore Wimbler, administrator of the estate of D. Willard Deam, deceased, against George B. Shattuck, executor of the will of C. E. Shattuck, deceased.

Fred J. Krohn, charged with non-support of wife, put up \$500 cash bail yesterday afternoon and was released from jail, pending his preliminary examination before Justice Cox on July 2.

Judgment in favor of the plaintiff has been entered in the suit of the Citizens Trust and Savings Bank vs. the Anaheim Sanitarium. Suit was brought to secure new certificates for five shares of sanitarium stock to replace certificates which had been lost, which were the property of the Machinery and Electrical company, of which the Citizens bank is now trustee.

Mrs. Rhode Sherk, with Leonard Evans as her attorney, is suing W. L. and W. H. Sherk to collect \$720 alleged due on two promissory notes, one for \$400 signed in Los Angeles on December 16, 1914, and the other for \$320, signed in Anaheim on June 1, 1918.

A certified copy of the amended articles of incorporation of the Globe Grain and Milling Company was filed with the county clerk today.

Judgment quieting title has been entered in the suit of Herman Silberberg against Beatrice and Frank A. McDonald.

A cross-complaint, asking judgment for \$222.22 has been filed by defendant in the suit of James Moropoulos against the Eureka Dairy Company. Plaintiff filed suit September 1, 1918, to collect \$202.50 alleged due as balance of wages and rent of his horse.

James Dodson, accused by Claude O. Baker with contributing to the delinquency of a 17-year-old Pullerton girl, was in justice court today and his preliminary examination was set for July 8 at 2 p. m., with bail at \$1000.

**NON-SUIT GRANTED IN
PETRIE-HEFFERN CASE**

By granting a motion for non-suit, Judge R. Y. Williams yesterday disposed of the case of J. B. Petrie of Long Beach against W. C. Heffern and others. Petrie, who owns land in the Golden State tract east of Anaheim where oil drilling operations are under way, alleged the defendants had prevented Petrie from leasing his property for oil purposes by claiming to prospective lessees that they already held a lease on the place. Petrie asked an injunction restraining the defendants from making such claims and for damages. By granting the non-suit, Judge Williams ruled that Petrie had not introduced sufficient evidence to sustain his allegations.

**SAN JUAN DAY BEING
OBSERVED BY INDIANS**

PORTERVILLE, Cal., June 24.—Recalling to old residents the California of the early days, Indians on the Tule reservation today celebrated San Juan's day.

Dancing, racing, and athletic competition were the order of the day. Celebration of the day was revived by the older Indians on the reservation.

June 24 is the birthday of San Juan Bautista, one of the saints most revered by the old padres. Being the patron saint of the first mission established in Tulare county each year a fiesta was held in his honor.

Try the Dragon fresh fruit sherbets for warm weather. Put up in cartons to take home. Delicious, delicate flavors.

A World of Peace

PEACE! A great signal for a fresh start!
Nations of the world not completely exhausted by war have been holding their commercial and industrial powers in check, waiting for the going to strike.

They are off! From now on business will hum.
A demolished world must be rebuilt; muscles and brain must enter a master struggle for achievement; civilization will take a prodigious leap.

We, as one of the foremost nations, must not only enter the race, but we must put all our spirit, energy and skill into it.

It is a new world, and we enter it with confidence and enthusiasm.

Let us play hard to win, but only by fair means, and let us be content with nothing short of supremacy.

Baseball and General Sports**DEMPSEY ROCKS BIG BILL TATE TO SLEEP**

Challenger Believes Willard Is Making Mistake By Taking Things Easy

BY H. C. HAMILTON
(United Press Staff Correspondent)
TOLEDO, Ohio, June 24.—Today is Jack Dempsey's birthday, but if he continues the stunts he has been pulling around his training quarters it will be his sparring partners and not he who will receive the greetings.

Yesterday Dempsey delivered himself of a couple of well chosen left hooks, both of which found lodging on the jaw of big Bill Tate. Bill took a sleep in the ring after that affair Dempsey took on the Jamaica Kid for the second of a pair of rounds and the kid had the time of his life escaping the same rough treatment.

The criticism of Dempsey's defense which has been so free evidently spurred him to greater efforts and he used his gloves yesterday with telling effect.

"It's for me to hold a punch with my sparring partners," he said. "I see an opening, the fist shoots and I may feel sorry afterward. There is no kidding about my sparring. It's meant for just exactly what it does. I don't ask my partners to hold back anything and I am holding back nothing myself. If I should happen to get cracked hard enough to floor me, it's all in the day's work. I would not worry about it if it did happen. I'm training to whip Jess Willard and not for the public. I believe I can whip Jess Willard."

Willard laid off yesterday, but expected to resume his affair of sparring mitts this afternoon. His training, however, according to his own impressions, will be lighter than it has been.

Dempsey confided in me today the belief that Willard is making a great mistake in laying off training and also declared the big champion is kidding himself by keeping off road work. Jess, however, told me he didn't need road work. The hard pounding on the roads, he maintained, hurts his feet and does him more harm than good. The two statements are given for what they are worth, but Dempsey is doing the more honest training.

Jack Malone has joined the Dempsey camp and went his first rounds with the challenger yesterday. He is a small, wiry boy with a fast left hand and a right cross that stings. Dempsey worked softly with him, ducking and dodging and rarely attempting to score for himself.

The mystery of Billy Miske's absence from training quarters was explained today when a telegram reached here from the St. Paul battler. It told of a session of boils on the back of the Miske neck. Dempsey is eager for Miske to get here, for he believes he needs the sort of work Miske will give him.

Tex Rickard today gave out some advance information regarding the capacity of the arena he is building here for the battle. More than \$100,000 worth of tickets already have been disposed of, he said, and more than a million dollars worth can be sold. The total now is greater than the receipts of the Jeffries-Johnson bout in Reno. This statement confirms previous statements carried by the United Press.

PASADENA, FULLERTON TEAMS CLASH TODAY

The final baseball game for the Southern California interscholastic championship will take place this afternoon at Tournament Park, Pasadena, between Pasadena and Fullerton high schools. The game was originally scheduled for last Saturday, but owing to a death in the family of the Fullerton captain, the game was postponed. It is expected that Oakland Technical High will come here and play the winner for the state title.

TROCH HOLDS HONORS AT TRAP TOURNAMENT

PORTLAND, Ore., June 24.—Frank M. Troch, of Vancouver, Wash., carried off the honors of the third day of the trap tournament of the Northwest Sportsmen's Association.

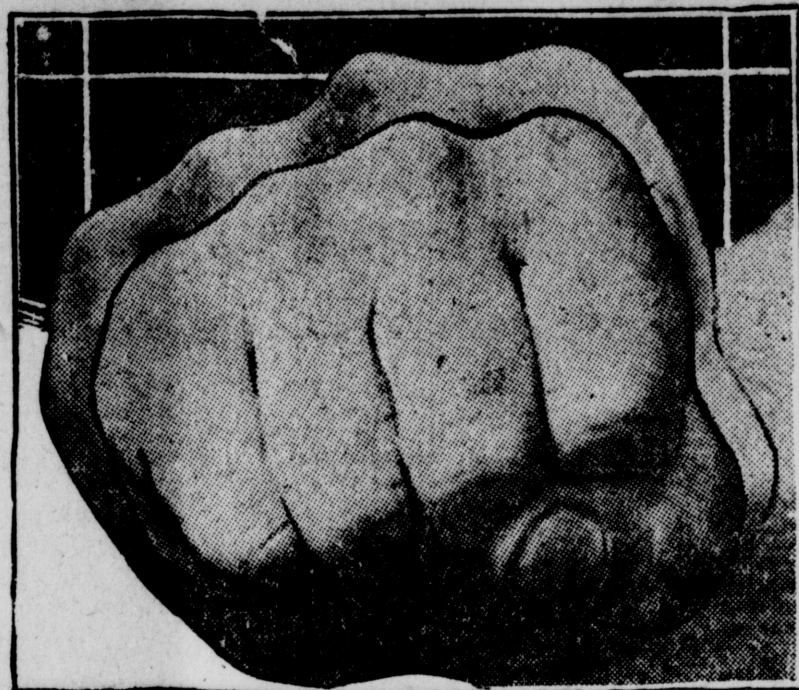

Troch was high gun of the day, smashing 119 out of a possible 120. Troch is now high man for the three days' shooting with a grand total of 373 out of a possible 380.

Hugh Poston of San Francisco made the second best mark of the professionals yesterday with 112 out of 120.

GIRL SWIMMERS ARRIVE
SAN FRANCISCO, June 24.—Miss Fannie Durack, Australian swimmer, who holds several world records, and Mina Wille, women's breast stroke champion, arrived today from the Antipodes. They will tour the United States, giving exhibitions and appearing in swimming matches.

MAT BOUT TONIGHT
SAN FRANCISCO, June 24.—Jim Londe, grappling Greek, and Dante Petroff, beefy Bulgarian, will wrestle tonight here. They met last week and although Londe won the decision, Petroff alleged he wasn't planned to the mat.

DEL CRESPI RELEASED.
SACRAMENTO, June 24.—Del Crespi, pitcher, was released by the Seals before Manager Graham took the team to Salt Lake yesterday afternoon. No statement was made by Graham concerning the release, but it was hinted a new pitcher was in sight.

PHOTOGRAPHS SHOW WILLARD'S FEET AND FISTS ARE MUCH LARGER THAN THOSE OF CHALLENGER

Small fist and foot, those of Dempsey, compared with size of Willard's.

In Spite of Difference in Size Many Pin Faith on Dempsey

TOLEDO, Ohio, June 24.—Bob Dorman, newspaper photographer, had a hunch the other day that comparative pictures of the fists and feet of Jess Willard and Jack Dempsey would make an interesting study, so he proceeded to take them.

He had each man extend his fist and set the camera exactly five feet from, each to get the comparison the exact size. He did the same with the feet, then made prints, pasted Dempsey's pictures over those of Willard's and re-photographed them.

The result shows just how much larger Willard is than the challenger, but there are a lot of sports who still cling to the old theory that "the larger they are the harder they fall" and that the little man, if he is tough enough and has the necessary science will put the bigger fellow out of the running.

Watching the Scoreboard

Yesterday's hero: Roger Peckinpaugh. He contributed to the 11 to 4 defeat handed by the Yankees to the Athletics with two home runs, a single and a fine day in the field.

Stengel's home run with a man on was the decisive factor in the victory of Pittsburgh over St. Louis, 3 to 2. Philadelphia got twice as many hits as the Boston Braves, but lost 3 to 2. Cleveland hopped on Cicotte for two runs in the eighth, which, added to one in the first, made just enough to nose out the White Sox 3 to 2.

Three Boston pitchers failed to stop the frenzied hitting of the Senators, who collected 18 hits and 12 runs while their opponents got three runs.

Try the Dragon fresh fruit sherberts for warm weather. Put up in cartons to take home. Delicious, delicate flavors.

Children Cry for Fletcher's**CASTORIA**

The Kind You Have Always Bought, and which has been in use for over thirty years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

The Kind You Have Always Bought

LIBERTY CYANIDE

For Making

LIQUID GAS

FOR CITRUS TREE FUMIGATION

Our plant is nearing completion and will be ready to make liquid gas in any amount required. As previously stated, we have made connections with the American Cyanamid Company of New York, which is going to furnish us with cyanide for our entire output of gas this season. Advances just received from factory enable us to quote 50 cents today, at the plant of Azusa. Reduction of 5c per lb. We will contract to do this in any quantity, and the quality will be guaranteed under state inspection to be 98.98 per cent pure. Containers for same will be sold to you at the plant, at cost. Pumps will be about the same price as last year. Delivery has been arranged for at a price which will cost much less than you can afford to haul the same for, and this delivery is guaranteed to be satisfactory.

This gas is made under our patents granted by the U. S. Patent Office, and our improved methods and enlarged plant, built under specification of the most skilled engineers and chemists employed by the American Cyanamid Company, make it possible to render you the service that you will require, and our guarantee is backed by them.

We invite you to the plant at any time, and will be glad to show you its workings.

OVERHAULING—HONEST WORK AT HONEST PRICES

There are two highly important points for a man to consider before having his car overhauled.

The first point is to assure himself that the men who are going to work on his car are mechanics expert enough to locate and properly repair all the parts that need attention.

The second point is to convince himself that he can trust the shop to give him an honest accounting of the amount of work that was actually done on the car.

We gladly welcome an investigation of both of these points. We have the facilities, the workmen and the business methods that will more than satisfy all who investigate.

COMPENSATION, DISABILITY, DIFFERENT

Attention of Service Men Is
Called to the Difference
Between the Two

To clearly establish in the minds of service men the difference between disability benefits under war risk insurance and compensation, the navy department has sent a letter to local Navy Recruiting Officer W. P. Hughes as follows:

Please bring to the attention of all men seeking information to the fact that disability benefits under war risk insurance are separate and apart and have no connection with compensation. Compensation relates only to injury or disability incurred in the line of duty, while in the service.

Disability benefits are paid to the insured "for any impairment of mind or body which renders the insured totally disabled to such an extent that he cannot follow any substantially gainful occupation."

For example, a man called at this office suffering from consumption which existed prior to his enlistment, and was not incurred in the line of duty. He was not entitled to compensation, but is entitled to and will receive \$57.50 per month disability under his policy for the remainder of his life. It does not matter whether or not the disease or injury was contracted as a result of the insured's own misconduct or otherwise, and the time or circumstances have no bearing on the question, if disabled so that it is reasonably certain that it will be permanent, and to such an extent that he cannot follow a substantially gainful occupation, regardless of his age, he is entitled to disability under his policy.

About 50 per cent of the men confuse the two, compensation and disability, and think that it is necessary for the injury or disease to be contracted while in the service or a result of service before they can secure disability benefits and the government wants them educated on these lines.

KILLER WHALES RANK AS MOST FEROCIOUS

They Fight to a Finish, and
Will Attack Man
Upon Sight

The American Museum of Natural history has recently placed on exhibition a life-sized model of a "killer" whale of "Orca," which is one of the most ferocious animals that inhabit the sea.

It will attack any living being within its reach, be it fish, flesh or fowl. The animal grows between twenty and thirty feet in length and its mouth is armed with teeth. All other whales are afraid of him, even the great sulphur bottom—the largest animal the world has ever seen. Frequently these giant whales are captured with badly mutilated flippers, evidently the work of "killer" whales. Apparently their only defense is in flight. The big gray whale is so afraid of the orca that it becomes paralyzed when attacked.

The orcas are said to be particularly fond of the tongue of the whale. A number of them will attack a gray whale, worrying it until it opens its mouth, when they will dart in and bite off its tongue. Seals, porpoises and fish are the principal food of the orcas. The seal are not even safe when ashore, for at any moment an orca may dart out and seize them if they are near the water's edge. Birds, too, are captured in this way or when swimming. An orca has been known to attack men who were on a large cake of floating ice. The whale repeatedly hurled itself upon the ice in its effort to reach the men.

Apparently the orca has nothing to fear. He is not hunted by man because his blubber contains little oil, and so he is free to roam the seas, a terror to all its inhabitants. He may be found in all oceans, but is more frequently seen in the Northern Pacific waters.—Scientific American.

HARLEY-DAVIDSON IS WINNER IN CONTESTS

Buck and Buck, corner Fifth and Main streets, Santa Ana distributors of the Harley Davidson motorcycles, were more than pleased with the clean-up made by the Harley Davidson at the Ascot Speedway National Championship Sunday. With all six places taken by Harley riders, a better demonstration could not be given of the endurance and mechanical excellence of the machine.

Ralph Hepburn, the winner, covered the distance in 2 hours, 45 minutes, 54 2-5 seconds, winning the 200-mile championship of the U. S. A. for himself and the Harley Davidson. His average speed was 72.33 miles an hour, remarkably fast time. Second place went to Leslie Parkhurst, third to Roy Weishaar, fourth to Albert Burns, fifth to Earl Roylance, and sixth to Percy Coleman. The Harley team gave a good consistent exhibition of racing, pacing one another and sticking close together all the time. Hepburn, the title winner, is a local boy, from Los Angeles.

Fresh fruit ices and ice cream at the Dragon, in cartons. Will keep nicely for three quarters of an hour. All flavors.

MAZOLA

The Perfect oil for Cooking and Salads

MAZOLA
REG. U.S. PAT. OFF.

SOUTHERN CALIFORNIA

REDONDO BEACH, June 24.—The opening of the summer season at Redondo Beach will be marked by a two-day celebration to be held next Saturday and Sunday. An elaborate program has been prepared, and includes band concerts, community singing, music by wandering troubadours and vaudeville stunts, together with the ever popular swimming, dancing and fishing.

SANTA BARBARA, June 24.—Only harmonious, melodious motor horns will be permitted in esthetic Santa Barbara if some citizens rule. City Attorney W. P. Butcher is now studying the problem of how to do away with the rasping, harsh, shrill horn that adorns most motor cars.

PASADENA, June 24.—This city is on edge over its school controversy which is to come to a head this afternoon, when a majority of the board of education is expected to elect a successor to Dr. Jeremiah M. Rhodes as superintendent of schools. This majority and their possible choice have been warned by the majority of a board which will assume office in July that any action now taken will be considered illegal and the salary warrants of the person selected will be withheld until the courts pass on the subject.

RIVERSIDE, June 24.—Riverside county canneries, which will open for the season next month, will, it is estimated, have an output of 287,000 cans. The total is segregated for the various canneries as follows: Riverside, 65,000; Wineville, 65,000; Arlington, 10,000; La Sierra Heights, 22,000; Hemet Co-operative, 80,000; Elsinore, 55,000.

LOS ANGELES, June 24.—The formal ground breaking of the summer camp to be established by the Allied War Veterans for returned soldiers will take place tomorrow at the corner of West Adams and Main streets. The camp is being established to give returned soldiers a good vacation at small expense. It will consist of a large recreation hut, squad tents, a mess tent, kitchens and an athletic field.

LOS ANGELES, June 24.—A large nonpartisan mass meeting, at which Homer S. Cummings, chairman of the National Democratic Central Committee, will speak on the League of Nations will be held next Thursday evening at Trinity auditorium. Mr. Cummings will deal with the attitude of various United States senators who opposed the league until recently, and he will give the reasons why these senators have ceased their opposition.

PASADENA, June 24.—Pasadena's plea to the Busch estate to keep the famous Busch Gardens in this city open has been turned down and preparations are being made to put the beautiful property on the market at once.

ORANGE GROWER GETS \$200 FROM FIG TREE

PORTERVILLE, June 24.—Rev. A. H. Zahl, retired pastor of Emanuel Evangelical church here, who has gone in for orange growing, found the admonition of the State Horticultural Commission to "look for Capri fig trees" to be a valuable one. Mr. Zahl found such a tree in a corner of his newly-purchased orange grove near the city limits, and an investigation showed that the fruit was literally alive with the capri wasps which are so essential to the pollination of the white fig. As a result of his find Mr. Zahl has sold the fruit to a fig grower of the Fresno district for 1 cent each, netting him about \$200 from the one tree.
